- (1) With respect to the primary offering, this registration statement registers such indeterminate number of shares of Class A common stock and preferred stock and such indeterminate number of warrants or rights to purchase Class A common stock or preferred stock, and such indeterminate number of units, as shall have an aggregate initial offering price not to exceed \$300,000,000 or the equivalent in foreign currencies. Any securities registered hereunder may be sold separately or as units with other securities registered hereunder. The securities registered also include such indeterminate number of shares of Class A common stock and preferred stock as may be issued upon conversion of or exchange for preferred stock that provide for conversion or exchange, upon exercise of warrants or rights or pursuant to the antidilution provisions of any such securities. In addition, pursuant to Rule 416 under the Securities Act of 1933, as amended (the "Securities Act"), the shares being registered hereunder include such indeterminate number of shares of Class A common stock and preferred stock as may be issuable with respect to the securities being registered hereunder as a result of stock splits, stock dividends or similar transactions.
- (2) The proposed maximum aggregate offering price per class of security will be determined from time to time by the registrant in connection with the issuance by the registrant of the securities registered hereunder and is not specified as to each class of security pursuant to General Instruction II.D. of Form S-3 under the Securities Act.

This registration statement also relates to an indeterminate number of additional shares of Class A common stock which may be issued with respect to such shares of common stock by way of stock splits, stock dividends and reclassifications.
- (6) Estimated in accordance with Rule 457(c) solely for the purposes of calculating the registration fee. The maximum price per security and the maximum aggregate offering price are based on the average of the \$23.26 (high) and \$21.05 (low) sale price of our Class A common stock as reported on the Nasdaq Global Select Market on November 17, 2021, which date is within five business days prior to filing this Registration Statement.

The Registrant previously paid a fee of \$13,638.00 related to \$125,000,000 of the Registrant's Class A Common Stock covered by the sales agreement prospectus included herein (which amount was offset pursuant to Rule 457(p) under the Securities Act by amounts previously paid), which is applied to the Registrant's total registration fee. Pursuant to Rule 457(p) under the Securities Act, the Registrant is offsetting in full the

remaining \$31,891.75 registration fee, with \$16,489.32 remaining to be applied to future filings, which represents the portion of the registration fee previously paid with respect to unsold securities registered by the Registrant under the Registration Statement on Form S-3 (File No. 333-233126) filed by the Registrant on August 8, 2019 and declared effective on August 9, 2019.

**The Registrant hereby amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until the Registration Statement shall become effective on such date as the Commission acting pursuant to said Section 8(a), may determine.**

## EXPLANATORY NOTE

This Post-Effective Amendment No. 1 to the Registration Statement on Form S-3 (Commission File No. 333-258950) (the “Registration Statement”) of i3 Verticals, Inc. (the “Registrant”) is being filed because the Registrant no longer qualifies as a well-known seasoned issuer (as such term is defined in Rule 405 of the Securities Act of 1933, as amended (the “Securities Act”)) as of the time it filed its Annual Report on Form 10-K for the fiscal year ended September 30, 2021. Accordingly, the Company is filing this Post-Effective Amendment No. 1 using EDGAR submission type POS AM in order to convert the Registration Statement to the proper EDGAR submission type for a non-automatic shelf registration statement.

This registration statement contains two prospectuses:

- a base prospectus, which covers the offering, issuance and sale by us of our Class A common stock, preferred stock, warrants, rights and/or units, and sales by the selling securityholders of our Class A common stock, from time to time in one or more offerings; and
- a sales agreement prospectus covering the offering, issuance and sale by us of up to a maximum aggregate offering price of up to \$125,000,000 of our Class A common stock that may be issued and sold from time to time under a sales agreement, as amended, with Raymond James & Associates, Inc., Morgan Stanley & Co. LLC and BTIG, LLC.

The base prospectus immediately follows this explanatory note. The specific terms of any securities to be offered pursuant to the base prospectus will be specified in a prospectus supplement to the base prospectus. The sales agreement prospectus immediately follows the base prospectus. As of November 22, 2021, the Registrant has not sold any Class A common stock under the sales agreement prospectus pursuant to the Registration Statement.

The \$125,000,000 of Class A common stock that may be offered, issued and sold under the sales agreement prospectus is included in the \$300,000,000 of securities that may be offered, issued and sold by us under the base prospectus, and if no shares are sold under the sales agreement, the full \$300,000,000 of securities may be sold in other offerings pursuant to the base prospectus and a corresponding prospectus supplement.

**The information in this preliminary prospectus is not complete and may be changed. We may not sell these securities until the U.S. Securities and Exchange Commission declares our registration statement effective. This preliminary prospectus is not an offer to sell these securities and we are not soliciting offers to buy these securities in any state or jurisdiction where the offer or sale is not permitted.**

This prospectus provides you with a general description of the securities. We will not receive any proceeds from the sale of our Class A common stock by the selling securityholders.

Each time we or any of the selling securityholders offer and sell securities, we or such selling securityholders will provide a supplement to this prospectus that contains specific information about the offering and, if applicable, the selling securityholders, as well as the amounts, prices and terms of the securities. The supplement may also add, update or change information contained in this prospectus with respect to that offering. You should carefully read this prospectus and the applicable prospectus supplement before you invest in any of our securities.

We may offer and sell the securities described in this prospectus and any prospectus supplement to or through one or more underwriters, dealers and agents, or directly to purchasers, or through a combination of these methods. In addition, the selling securityholders may offer and sell shares of our Class A common stock from time to time, together or separately. If any underwriters, dealers or agents are involved in the sale of any of the securities, their names and any applicable purchase price, fee, commission or discount arrangement between or among them will be set forth, or will be calculable from the information set forth, in the applicable prospectus supplement. See the sections of this prospectus entitled “About this Prospectus” and “Plan of Distribution” for more information. No securities may be sold without delivery of this prospectus and the applicable prospectus supplement describing the method and terms of the offering of such securities.

Our Class A common stock is listed on The Nasdaq Global Select Market (“Nasdaq”), under the symbol “IIIV.” On November 19, 2021 the last reported sale price of our Class A common stock on the Nasdaq Global Select Market was \$22.25 per share.

We are an “emerging growth company,” as defined in Section 2(a) of the Securities Act of 1933, as amended, and, as such, have elected to comply with certain reduced public disclosure requirements for this prospectus and future filings.

Investing in our securities involves risks. Neither the SEC nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

## ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we filed with the SEC using a “shelf” registration process. By using a shelf registration statement, we may sell securities from time to time and in one or more offerings up to a total dollar amount of \$300,000,000, and the selling securityholders to be named in a supplement to this prospectus may, from time to time, sell up to 8,625,971 shares in the aggregate of Class A common stock, including the possible resale, from time to time, of shares of our Class A common stock issuable upon the exchange of an equivalent number of Common Units (and the cancellation of such selling securityholder’s shares of our Class B common stock, par value \$0.0001 per share (“Class B common stock”), on a one-for-one basis with the number of Common Units so exchanged), in each case from time to time, in one or more offerings. Each time that we or the selling securityholders offer and sell securities, we or the selling securityholders will provide a prospectus supplement to this prospectus that contains specific information about the securities being offered and sold and the specific terms of that offering. We may also authorize one or more free writing prospectuses to be provided to you that may contain material information relating to these offerings. The prospectus supplement or free writing prospectus may also add, update or change information contained in this prospectus with respect to that offering. If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement or free writing prospectus, you should rely on the prospectus supplement or free writing prospectus, as applicable. Before purchasing any securities, you should carefully read both this prospectus and the applicable prospectus supplement (and any applicable free writing prospectuses), together with the additional information described under the headings “Where You Can Find More Information” and “Information Incorporated by Reference.”

Neither we, nor the selling securityholders, have authorized anyone to provide you with any information or to make any representations other than those contained in this prospectus, any applicable prospectus supplement or any free writing prospectuses prepared by or on behalf of us or to which we have referred you. We and the selling securityholders take no responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. We and the selling securityholders will not make an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus and the applicable prospectus supplement to this prospectus is accurate only as of the date on its respective cover, that the information appearing in any applicable free writing prospectus is accurate only as of the date of that free writing prospectus, and that any information incorporated by reference is accurate only as of the date of the document incorporated by reference, unless we indicate otherwise. Our business, financial condition, results of operations and prospects may have changed since those dates. This prospectus incorporates by reference, and any prospectus supplement or free writing prospectus may contain and incorporate by reference, information concerning our industry, competitive position and the markets in which we operate. Unless otherwise indicated, such information is based on information from independent industry and research organizations, other third-party sources and management estimates. Management estimates are derived from publicly available information released by independent industry analysts and other third-party sources, as well as data from our internal research, and are based on assumptions we made upon reviewing such data, and our experience in, and knowledge of, such industry and markets, which we believe to be reasonable. In addition, projections, assumptions and estimates of the future performance of the industry in which we operate and our future performance are necessarily subject to uncertainty and risk due to a variety of factors, including those under the heading “Risk Factors” contained in this prospectus, the applicable prospectus supplement and any applicable free writing prospectus, and under similar headings in other documents that are incorporated by reference into this prospectus. These and other factors could cause results to differ materially from those expressed in the estimates made by the independent parties and by us. Accordingly, investors should not place undue reliance on this information.

As used in this prospectus, unless the context otherwise requires, references to “we,” “us,” “our,” the “Company,” “i3 Verticals” and similar references refer to i3 Verticals, Inc., and, unless otherwise stated, all of its subsidiaries, including i3 Verticals, LLC.

## THE COMPANY

Recognizing the convergence of software and payments, i3 Verticals was founded in 2012 with the purpose of delivering seamless integrated payment and software solutions to participants in strategic vertical markets. Having built a platform of payment solutions, now we build and acquire software to serve our broad range of clients across multiple vertical markets. Since commencing operations, we have steadily increased our market share and product breadth through a combination of organic growth initiatives and acquisitions. Our broad suite of vertical market software and integrated payment solutions addresses the specific needs of public and private organizations in our strategic vertical markets.

We focus on strategic vertical markets where we can build lasting customer relationships. Our primary markets are underserved, fragmented, large, and growing. Our primary strategic vertical markets include:

- **Public Sector**—We have products and solutions that create an efficient flow of information throughout a variety of public sector entities, including states and local governments. Our solutions help our clients provide more responsive and efficient services to their citizens. We have products that enable upper and lower court case management, collections, finance and accounting, motor vehicle registration and license plate inventory, property tax management, utility billing, professional licensing, document workflow, and law enforcement software. We deliver integrated payments solutions throughout many of these products and these solutions allow our clients to efficiently process court, tax, utility and other payments. We also assist public schools, from primary through university, in completing payment processing functions such as accepting payments for school lunches (online, at school, or at the point-of-sale) and school activities. Our payment solutions, many of which utilize the payment facilitator model, are self-serve payment and data collection software platforms that manage critical information via web, mobile, and on-site transaction processing. Using our convenience-fee payment technology, our school and court clients in this vertical often receive the full principal amount which alleviates reconciliation issues and processing costs.
- **Healthcare**—We provide businesses in our healthcare vertical with software platforms for revenue cycle management, including coding, insurance adjudication, billing, scheduling and integrated payments. Our solutions help our clients efficiently code and bill for their services, and ultimately receive reimbursement. We offer our software as a service and bundle it with professional services that specialize in outsourced revenue cycle management. Our payment solutions in the healthcare market seamlessly integrate into our own proprietary software, as well as that of our distribution partners, consisting of independent software vendors. We also provide workflow software and associated professional services to medical insurance payers.

We target vertical markets where businesses and organizations tend to lack integrated payment functionality within their business management systems. When we present software solutions that integrate the customer's operations with their payments, we can build a long-term relationship primed to grow together.

A core component of our growth strategy includes a disciplined approach to acquisitions of companies and technology, evidenced by more than 40 acquisitions since our inception in 2012. Our acquisitions have opened new strategic vertical markets, increased the number of businesses and organizations to whom we provide solutions and augmented our existing payment and software solutions and capabilities. Our management team has significant experience acquiring and integrating vertical market software businesses that complement our existing suite of products and solutions. Due to our management team's longstanding relationships and domain expertise, we maintain a strong pipeline of acquisition targets and are constantly evaluating businesses against our acquisition criteria.

We generate revenue from software licenses and subscriptions, ongoing support, and other software-related solutions. We also generate revenue from volume-based fees generated by payment processing services provided to clients throughout the United States. Our payment processing services enable clients to accept electronic payments, facilitating the exchange of funds and transaction data between clients, financial institutions and payment networks. Our integrated payment and software solutions coupled with our distribution network derive significant scale from operating efficiencies, which enables us to generate strong operating margins and profitability.

In many cases, we deliver our proprietary software solutions to strategic vertical markets through the payment facilitator model, where we:

- enable superior data management by aggregating multiple small merchants under our "master" account, resulting in the collection and management of data not historically readily available;
- streamline and simplify merchant onboarding, often resulting in client approval in minutes or hours rather than days or weeks; and
- provide ease of reporting and reconciliation, allowing our clients to accept electronic payments in a faster, more convenient fashion.

## **RISK FACTORS**

An investment in any securities offered pursuant to this prospectus and the applicable prospectus supplement involves substantial risks. You should carefully consider the risk factors incorporated by reference herein from our most recent Annual Report on Form 10-K, our subsequent Quarterly Reports on Form 10-Q, and the other information contained in this prospectus, as updated, amended or superseded by our subsequent filings filed with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the risk factors and other information contained in any accompanying prospectus supplement before acquiring any of our securities. See “Where You Can Find More Information” and “Information Incorporated by Reference.” The occurrence of any of these risks could materially and adversely affect our business, prospects, financial condition, results of operations and cash flow and might cause you to lose all or part of your investment in the offered securities. Much of the business information, as well as the financial and operational data contained in our risk factors, is updated in our periodic reports filed with the SEC pursuant to the Exchange Act, which are also incorporated by reference into this prospectus. Additional risks and uncertainties not presently known to us, or that we currently deem immaterial, may also adversely affect our business. In addition, past financial performance may not be a reliable indicator of future performance and historical trends should not be used to anticipate results or trends in future periods. Please also refer to the section entitled “Forward-Looking Statements” above.

## **USE OF PROCEEDS**

Unless we specify otherwise in an accompanying prospectus supplement, we intend to use the net proceeds from the issuance or sale of our securities to provide additional funds for general corporate purposes, which may include, without limitation, the repayment of outstanding indebtedness, acquisitions, capital expenditures and working capital. Any specific allocation of the net proceeds of an offering of securities to a specific purpose will be determined at the time of such offering and will be described in the accompanying prospectus supplement to this prospectus. We will not receive any of the proceeds from the sale of Class A common stock being offered by any of the selling securityholders.

The rights, preferences and privileges of holders of our Class A common stock are subject to those of the holders of any shares of our preferred stock we may issue in the future.

### Class B Common Stock

Shares of Class B common stock will be issued in the future only to the extent necessary to maintain a one-to-one ratio between the number of Common Units of i3 Verticals, LLC held by the Existing Owners (as defined in our amended and restated certificate of incorporation) and the number of shares of Class B common stock issued to the Existing Owners. Shares of Class B common stock are transferable only together with an equal number of Common Units of i3 Verticals, LLC. Only permitted transferees of Common Units held by the Existing Owners are permitted transferees of Class B common stock.

*Voting rights.* The holders of our Class B common stock are entitled to one vote for each share held of record on all matters presented to our stockholders generally. The holders of shares of our Class B common stock do not have cumulative voting rights in the election of directors. Holders of shares of our Class B common stock vote together with holders of our Class A common stock as a single class on all matters presented to our stockholders for their vote or approval, except for certain amendments to our amended and restated certificate of incorporation described below or as otherwise required by applicable law or the amended and restated certificate of incorporation. Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all stockholders present in person or represented by proxy, voting together as a single class.

*Dividend rights.* The holders of our Class B common stock will not participate in any dividends declared by our Board of Directors.

*Other rights.* The holders of shares of our Class B common stock do not have preemptive, subscription, redemption or conversion rights. There are no redemption or sinking fund provisions applicable to the Class B common stock. Any amendment of our amended and restated certificate of incorporation that gives holders of our Class B common stock (1) any rights to receive

dividends or any other kind of distribution, (2) any right to convert into or be exchanged for Class A common stock or (3) any other economic rights must be approved by the majority of the voting power of all of our outstanding voting stock.

### **Preferred Stock**

Our Board of Directors has the authority to direct us to issue shares of preferred stock in one or more series without stockholder approval. Our Board of Directors has the discretion to determine the rights, preferences, privileges and restrictions, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences, of each series of preferred stock.

The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of i3 Verticals, Inc. without further action by the stockholders. Additionally, the issuance of preferred stock may adversely affect the holders of our Class A common stock by restricting dividends on the Class A common stock, diluting the voting power of the Class A common stock or subordinating the liquidation rights of the Class A common stock. As a result of these or other factors, the issuance of preferred stock could have an adverse impact on the market price of our Class A common stock.

### **Anti-Takeover Effects of Our Amended and Restated Certificate of Incorporation, Amended and Restated Bylaws and Certain Provisions of Delaware Law**

Our amended and restated certificate of incorporation, amended and restated bylaws and the Delaware General Corporation Law (“DGCL”) contain provisions, which are summarized in the following paragraphs, that are intended to enhance the likelihood of continuity and stability in the composition of our Board of Directors and to discourage certain types of transactions that may involve an actual or threatened acquisition of our company. These provisions are intended to avoid costly takeover battles, reduce our vulnerability to a hostile change of control or other unsolicited acquisition proposal, and enhance the ability of our Board of Directors to maximize stockholder value in connection with any unsolicited offer to acquire us. However, these provisions may have the effect of delaying, deterring or preventing a merger or acquisition of our company by means of a tender offer, a proxy contest or other takeover attempt that a stockholder might consider in its best interest, including attempts that might result in a premium over the prevailing market price for the shares of Class A common stock held by stockholders. Our amended and restated certificate of incorporation provides that any action required or permitted to be taken by our stockholders must be effected at a duly called annual or special meeting of such stockholders and may not be effected by any consent in writing by such stockholders.

### **Authorized but Unissued Capital Stock**

Delaware law does not require stockholder approval for any issuance of authorized shares. However, the listing requirements of Nasdaq, which would apply if and so long as our Class A common stock remains listed on Nasdaq, require stockholder approval of certain issuances equal to or exceeding 20% of the then outstanding voting power or then outstanding number of shares of Class A common stock. Additional shares that may be used in the future may be used for a variety of corporate purposes, including future public offerings, to raise additional capital or to facilitate acquisitions.

One of the effects of the existence of unissued and unreserved Class A common stock may be to enable our Board of Directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of our company by means of a merger, tender offer, proxy contest or otherwise and thereby protect the continuity of our management and possibly deprive our stockholders of opportunities to sell their shares of Class A common stock at prices higher than prevailing market prices.

### **Election of Directors and Vacancies**

Our amended and restated certificate of incorporation provides that our Board of Directors will consist of between three and 15 directors. The exact number of directors is fixed from time to time by our Board of Directors. Each director is elected for a one-year term. There is no limit on the number of terms a director may serve on our Board of Directors.

In addition, our amended and restated certificate of incorporation provides that any vacancy on the Board of Directors, including a vacancy that results from an increase in the number of directors or a vacancy that results from the removal of a director with cause, may be filled only by a majority of the directors then in office.

### **Business Combinations**

We have opted out of Section 203 of the DGCL; however, our amended and restated certificate of incorporation contains similar provisions providing that we may not engage in certain “business combinations” with any “interested stockholder” for a three-year period following the time that the stockholder became an interested stockholder, unless:

- prior to such time, our Board of Directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the votes of our voting stock outstanding at the time the transaction commenced, excluding certain shares; or
- at or subsequent to that time, the business combination is approved by our Board of Directors and by the affirmative vote of holders of at least 66 2/3% of the votes of our outstanding voting stock that is not owned by the interested stockholder.

Generally, a “business combination” includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an “interested stockholder” is a person who, together with that person’s affiliates and associates, owns, or within the previous three years owned, 15% or more of the votes of our outstanding voting stock. For purposes of this provision, “voting stock” means any class or series of stock entitled to vote generally in the election of directors.

Under certain circumstances, this provision makes it more difficult for a person who would be an “interested stockholder” to effect various business combinations with our company for a three-year period. This provision may encourage companies interested in acquiring our company to negotiate in advance with our Board of Directors because the stockholder approval requirement would be avoided if our Board of Directors approves either the business combination or the transaction that results in the stockholder becoming an interested stockholder. These provisions also may have the effect of preventing changes in our Board of Directors and may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

#### ***No Cumulative Voting***

Under Delaware law, the right to vote cumulatively does not exist unless the amended and restated certificate of incorporation specifically authorizes cumulative voting. Our amended and restated certificate of incorporation does not authorize cumulative voting.

#### ***Amendment of Certificate of Incorporation and Bylaws***

The DGCL provides generally that the affirmative vote of a majority of the shares entitled to vote on any matter is required to amend a corporation’s certificate of incorporation or bylaws, unless a corporation’s certificate of incorporation or bylaws, as the case may be, requires a greater percentage. Upon consummation of this offering, our bylaws may be amended or repealed by a majority vote of our board of directors or by the affirmative vote of a majority of the votes which all our stockholders would be eligible to cast in an election of directors.

#### ***Special Stockholder Meetings***

Our amended and restated certificate of incorporation provides that special meetings of our stockholders may be called at any time only by or at the direction of the chairman of our Board of Directors, our chief executive officer, or by our Board of Directors, and not by our stockholders. Our amended and restated bylaws prohibit the conduct of any business at a special meeting other than as specified in the notice for such meeting.

#### ***Requirements for Advance Notification of Director Nominations and Stockholder Proposals***

Our amended and restated bylaws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to our Board of Directors. Stockholders at an annual meeting are only able to consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our Board of Directors or by a stockholder who is a stockholder of record who is entitled to vote at the meeting, or who is a stockholder that holds such stock through a nominee or “street name” holder of record and can demonstrate to us that such indirect ownership of such stock and such stockholder’s entitlement to vote such stock on such business, and who has given our secretary timely written notice, in proper form, of the stockholder’s intention to bring that business before the meeting. To be timely, such notice must be delivered to our secretary:

- in the case of an annual meeting of stockholders, not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the preceding year’s annual meeting; *provided*, however, that in the event the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to the date of such annual meeting and not later than the close of business on the later of the 90th day prior to the date of such annual meeting or, if the first public announcement of the date of such

annual meeting is less than 100 days prior to the date of such annual meeting, the 10th day following the day on which we first make a public announcement of the date of such meeting; and

- in the case of a special meeting of stockholders called for the purpose of electing directors, not earlier than the close of business on the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the date on which notice of the date of the special meeting was mailed or public disclosure of the date of the special meeting was made, whichever first occurs.

### **Conflicts of Interest**

Delaware law permits corporations to adopt provisions renouncing any interest or expectancy in certain opportunities that are presented to the corporation or its officers, directors or stockholders. Our amended and restated certificate of incorporation, to the maximum extent permitted from time to time by Delaware law, renounces any interest, expectancy that we have in, or right to be offered an opportunity to participate in, specified business opportunities that are from time to time presented to certain of our officers, directors or stockholders or their respective affiliates, other than those officers, directors, stockholders or affiliates who are our, or our subsidiaries', employees. Our amended and restated certificate of incorporation provides that, to the fullest extent permitted by law, any director or stockholder who is not employed by us (including any non-employee director who serves as one of our officers in both his director and officer capacities) or his or her affiliates do not have any duty to refrain from (1) engaging in a corporate opportunity in the same or similar lines of business in which we or our affiliates now engage or propose to engage or (2) otherwise competing with us or our affiliates. In addition, to the fullest extent permitted by law, if any director or stockholder, other than a director or stockholder who is not employed by us or our affiliates acquires knowledge of a potential transaction or other business opportunity which may be a corporate opportunity for itself or himself or its or his affiliates or for us or our affiliates, such person has no duty to communicate or offer such transaction or business opportunity to us or any of our affiliates and they may take any such opportunity for themselves or offer it to another person or entity, unless such opportunity was expressly offered to them solely in their capacity as a director, executive officer or employee of us or our affiliates. To the fullest extent permitted by Delaware law, no potential transaction or business opportunity may be deemed to be a corporate opportunity of the corporation or its subsidiaries unless (1) we or our subsidiaries would be permitted to undertake such transaction or opportunity in accordance with the amended and restated certificate of incorporation, (2) we or our subsidiaries at such time have sufficient financial resources to undertake such transaction or opportunity, (3) we have an interest or expectancy in such transaction or opportunity and (4) such transaction or opportunity would be in the same or similar line of our or our subsidiaries' business in which we or our subsidiaries are engaged or a line of business that is reasonably related to, or a reasonable extension of, such line of business. Our amended and restated certificate of incorporation does not renounce our interest in any business opportunity that is expressly offered to an employee director or employee in his or her capacity as a director or employee of i3 Verticals, Inc. To the fullest extent permitted by law, no business opportunity will be deemed to be a potential corporate opportunity for us unless we would be permitted to undertake the opportunity under our amended and restated certificate, we have sufficient financial resources to undertake the opportunity and the opportunity would be in line with our business.

### **Limitation of Liability and Indemnification of Directors and Officers**

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties, subject to certain exceptions. Our amended and restated certificate of incorporation includes a provision that eliminates the personal liability of directors for monetary damages for any breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL. The effect of these provisions is to eliminate the rights of us and our stockholders, through stockholders' derivative suits on our behalf, to recover monetary damages from a director for breach of fiduciary duty as a director, including breaches resulting from grossly negligent behavior. However, exculpation does not apply to any director if the director has acted in bad faith, knowingly or intentionally violated the law, authorized illegal dividends or redemptions or derived an improper benefit from his or her actions as a director.

Our amended and restated bylaws provide that we must indemnify and advance expenses to our directors and officers to the fullest extent authorized by the DGCL. We carry directors' and officers' liability insurance providing indemnification for our directors, officers and certain employees for some liabilities. We believe that these indemnification and advancement provisions and insurance will be useful to attract and retain qualified directors and officers.

The limitation of liability, indemnification and advancement provisions included in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against directors for breaches of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, your investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

We have entered into indemnification agreements with each of our directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under the DGCL against expenses, losses and liabilities that may arise in connection with actual or threatened proceedings in which they are involved by reason of their service to us and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

#### **Dissenters' Rights of Appraisal and Payment**

Under the DGCL, with certain exceptions, our stockholders have appraisal rights in connection with a merger or consolidation of us. Pursuant to the DGCL, stockholders who properly request and perfect appraisal rights in connection with such merger or consolidation have the right to receive payment of the fair value of their shares as determined by the Delaware Court of Chancery.

#### **Stockholders' Derivative Actions**

Under the DGCL, any of our stockholders may bring an action in our name to procure a judgment in our favor, also known as a derivative action, provided that the stockholder bringing the action is a holder of our shares at the time of the transaction to which the action relates or such stockholder's stock thereafter devolved by operation of law.

#### **Trading Symbol and Market**

Our Class A common stock is listed on the Nasdaq Global Select Market under the symbol "IIIV."

#### **Transfer Agent and Registrar**

The transfer agent and registrar for the Class A common stock is Broadridge Corporate Issuer Solutions, Inc. Its address is 51 Mercedes Way, Edgewood, New York 11717, and its telephone number is (800) 353-0103.

## DESCRIPTION OF WARRANTS

The following is a general description of the terms of the warrants we may issue from time to time. Particular terms of any warrants we offer will be described in the prospectus supplement relating to such warrants, as well as any warrant agreement that contains the terms of the warrants. We urge you to read the applicable prospectus supplements related to the warrants that we may sell under this prospectus, as well as the complete warrant agreements that will contain the terms of any warrants.

We may issue warrants to purchase shares of our Class A common stock or preferred stock. Such warrants may be issued in one or more series, independently or together with shares of Class A common stock or preferred stock or other equity or debt securities and may be attached or separate from such securities. The terms of any warrants offered under a prospectus supplement may differ from the terms described below. We may issue warrants directly or under a separate warrant agreement to be entered into between us and a warrant agent. We will name any warrant agent in the applicable prospectus supplement. Any warrant agent will act solely as our agent in connection with the warrants of a particular series and will not assume any obligation or relationship of agency or trust for or with holders or beneficial owners of warrants.

The applicable prospectus supplement and the applicable warrant agreement will describe the particular terms of any series of warrants we may issue, including the following:

- the title of such warrants;
- the aggregate number of such warrants;
- the price or prices at which such warrants will be issued;
- if applicable, the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;
- the number of shares of Class A common stock or preferred stock purchasable upon exercise of one warrant and the price at which these shares may be purchased upon such exercise;
- the date on which the right to exercise such warrants shall commence and the date on which such right will expire;
- whether such warrants will be issued in registered form or bearer form;
- if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;
- if applicable, the date on and after which such warrants and the related securities will be separately transferable;
- information with respect to book-entry procedures, if any;
- the terms of the securities issuable upon exercise of the warrants;
- the anti-dilution provisions of the warrants, if any;
- any redemption or call provisions;
- if applicable, a discussion of certain federal United States income tax considerations; and
- any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

We and the warrant agent may amend or supplement the warrant agreement for a series of warrants without the consent of the holders of the warrants issued thereunder to effect changes that are not inconsistent with the provisions of the warrants and that do not materially and adversely affect the interests of the holders of the warrants.

Prior to exercising their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon such exercise, including the right to receive distributions or dividends, if any, or payments upon our liquidation, dissolution or winding up or to exercise any voting rights.

## DESCRIPTION OF UNITS

The following is a general description of the terms of the units we may offer from time to time. Particular terms of the units will be described in the applicable unit agreements and the applicable prospectus supplement for the units. We urge you to read the applicable prospectus supplements related to the units that we may sell under this prospectus, as well as the complete unit agreements that will contain the terms of any units.

We may issue units comprised of Class A common stock, preferred stock, warrants or any combination thereof. Units may be issued in one or more series, independently or together with Class A common stock, preferred stock or warrants, and the units may be attached to or separate from such securities. We may issue units directly or under a unit agreement to be entered into between us and a unit agent. We will name any unit agent in the applicable prospectus supplement. Any unit agent will act solely as our agent in connection with the units of a particular series and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of units.

Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time, or at any time before a specified date. We may issue units in such amounts and in such numerous distinct series as we determine.

If we offer any units, certain terms of that series of units will be described in the applicable prospectus supplement, including, without limitation, the following, as applicable:

- the title of the series of units;
- identification and description of the separate constituent securities comprising the units;
- the price or prices at which the units will be issued;
- the date, if any, on and after which the constituent securities comprising the units will be separately transferable;
- a discussion of certain United States federal income tax considerations applicable to the units; and
- any other terms of the units and their constituent securities.

## DESCRIPTION OF RIGHTS

The following is a general description of the rights we may offer from time to time. We may issue rights to our stockholders to purchase shares of our Class A common stock and/or any of the other securities offered hereby. Each series of rights will be issued under a separate rights agreement to be entered into between us and a bank or trust company, as rights agent. When we issue rights, we will provide the specific terms of the rights and the applicable rights agreement in a prospectus supplement. Because the terms of any rights we offer under a prospectus supplement may differ from the terms we describe below, you should rely solely on information in the applicable prospectus supplement if that summary is different from the summary in this prospectus. We will incorporate by reference into the registration statement of which this prospectus is a part the form of rights agreement that describes the terms of the series of rights we are offering before the issuance of the related series of rights.

The applicable prospectus supplement relating to any rights will describe the terms of the offered rights, including, where applicable, the following:

- the date for determining the persons entitled to participate in the rights distribution;
- the exercise price for the rights;
- the aggregate number or amount of underlying securities purchasable upon exercise of the rights;
- the number of rights issued to each stockholder and the number of rights outstanding, if any;
- the extent to which the rights are transferable;
- the date on which the right to exercise the rights will commence and the date on which the right will expire;
- the extent to which the rights include an over-subscription privilege with respect to unsubscribed securities;
- anti-dilution provisions of the rights, if any; and
- any other terms of the rights, including terms, procedures and limitations relating to the distribution, exchange and exercise of the rights.

Holders may exercise rights as described in the applicable prospectus supplement. Upon receipt of payment and the rights certificate properly completed and duly executed at the corporate trust office of the rights agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the securities purchasable upon exercise of the rights. If less than all of the rights issued in any rights offering are exercised, we may offer any unsubscribed securities directly to persons other than stockholders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby underwriting arrangements, as described in the applicable prospectus supplement.

## PLAN OF DISTRIBUTION

We or the selling securityholders may sell the securities from time to time pursuant to underwritten public offerings, negotiated transactions, block trades or a combination of these methods or through underwriters or dealers, through agents and/or directly to one or more purchasers. The securities may be distributed from time to time in one or more transactions:

- at fixed prices that may be changed;
- at market prices prevailing at the time of the sale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

Each time that we or any of the selling securityholders sell securities covered by this prospectus, we or the selling securityholders will provide a prospectus supplement or supplements that will describe the method of distribution and set forth the terms and conditions of the offering of such securities, including the offering price of the securities and the proceeds to us or the selling securityholders, if applicable. As used in this prospectus, "selling securityholders" includes donees, pledgees, transferees or other successors-in-interest selling securities received after the date of this prospectus from a selling securityholder as a gift, pledge, partnership distribution or other non-sale related transfer.

Offers to purchase the securities being offered by this prospectus may be solicited directly. Agents may also be designated to solicit offers to purchase the securities from time to time. Any agent involved in the offer or sale of our securities will be identified in a prospectus supplement.

If a dealer is utilized in the sale of the securities being offered by this prospectus, the securities will be sold to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale.

If an underwriter is utilized in the sale of the securities being offered by this prospectus, an underwriting agreement will be executed with the underwriter at the time of sale and the name of any underwriter will be provided in the prospectus supplement that the underwriter will use to make resales of the securities to the public. In connection with the sale of the securities, we, or the selling securityholders, or the purchasers of securities for whom the underwriter may act as agent, may compensate the underwriter in the form of underwriting discounts or commissions. The underwriter may sell the securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for which they may act as agent. Unless otherwise indicated in a prospectus supplement, an agent will be acting on a best efforts basis and a dealer will purchase securities as a principal, and may then resell the securities at varying prices to be determined by the dealer.

Any compensation paid to underwriters, dealers or agents in connection with the offering of the securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers will be provided in the applicable prospectus supplement. Underwriters, dealers and agents participating in the distribution of the securities may be deemed to be underwriters within the meaning of the Securities Act of 1933, as amended, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions. We may enter into agreements to indemnify underwriters, dealers and agents against civil liabilities, including liabilities under the Securities Act, or to contribute to payments they may be required to make in respect thereof and to reimburse those persons for certain expenses.

Any Class A common stock will be listed on the Nasdaq Global Select Market, but any other securities may or may not be listed on a national securities exchange. To facilitate the offering of securities, certain persons participating in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of the securities. This may include over-allotments or short sales of the securities, which involve the sale by persons participating in the offering of more securities than were sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option, if any. In addition, these persons may stabilize or maintain the price of the securities by bidding for or purchasing securities in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if securities sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

If indicated in the applicable prospectus supplement, underwriters or other persons acting as agents may be authorized to solicit offers by institutions or other suitable purchasers to purchase the securities at the public offering price set forth in the prospectus supplement, pursuant to delayed delivery contracts providing for payment and delivery on the date or dates stated in the prospectus supplement. These purchasers may include, among others, commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions. Delayed delivery contracts will be subject to the condition that the purchase of the securities covered by the delayed delivery contracts will not at the time of delivery be prohibited under the

laws of any jurisdiction in the United States to which the purchaser is subject. The underwriters and agents will not have any responsibility with respect to the validity or performance of these contracts.

We may engage in at the market offerings into an existing trading market in accordance with Rule 415(a)(4) under the Securities Act. In addition, we may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement so indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be named in the applicable prospectus supplement (or a post-effective amendment). In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus and an applicable prospectus supplement. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

The specific terms of any lock-up provisions in respect of any given offering will be described in the applicable prospectus supplement.

The underwriters, dealers and agents may engage in transactions with us, or perform services for us, in the ordinary course of business for which they receive compensation.

## SELLING SECURITYHOLDERS

This prospectus relates to the possible resale by certain of our existing securityholders, including certain of our executive officers and directors, of up to 8,625,971 shares of our Class A common stock, subject to adjustments for stock splits, stock dividends and reclassifications, that (i) were issued and outstanding prior to the original date of filing of the registration statement of which this prospectus is a part or (ii) are issuable upon exchange of an equivalent number of Common Units of i3 Verticals, LLC (together with an equivalent number of our shares of Class B common stock). In connection with our IPO and certain reorganization transactions, we issued to holders of Common Units one share of our Class B common stock for each Common Unit held. Each holder of Common Units has the right to exchange their Common Units for an equivalent number of shares of our Class A common stock (and the cancellation of such selling securityholder's shares of our Class B common stock on a one-for-one basis with the number of Common Units so exchanged). In addition, at our election, we may effect a direct exchange of such shares of Class A common stock or cash for such Common Unit.

Information about the selling securityholders, where applicable, including their identities and the number of shares of Class A common stock to be registered on their behalf, will be set forth in a prospectus supplement, in a post-effective amendment or in documents incorporated by reference into this prospectus that we file with the SEC. No selling securityholder shall sell any shares of our Class A common stock pursuant to this prospectus until we have identified such selling securityholders and the shares being offered for resale by such selling securityholders in a subsequent prospectus supplement or in a post-effective amendment. However, the selling securityholders may sell or transfer all or a portion of their shares of our Class A common stock pursuant to any available exemption from the registration requirements of the Securities Act.

## INFORMATION INCORPORATED BY REFERENCE

This prospectus is part of a registration statement that we have filed with the SEC. The SEC rules allow us to “incorporate by reference” information into this prospectus, which means that we can disclose important information to you by referring you to another document filed separately with the SEC. The information incorporated by reference is considered to comprise a part of this prospectus from the date we file that document. Any reports filed by us with the SEC after this prospectus is filed and before the date that the offering of the securities by means of this prospectus is terminated will automatically update and, where applicable, supersede any information contained in this prospectus or incorporated by reference in this prospectus.

We incorporate by reference into this prospectus the documents listed below, except for information “furnished” under Items 2.02, 7.01 or 9.01 on Form 8-K or other information “furnished” to the SEC which is not deemed filed and not incorporated in this prospectus, unless expressly stated otherwise as set forth below:

- our Annual Report on [Form 10-K](#) for the year ended September 30, 2021 (SEC File No. 001-38532) filed with the SEC on November 22, 2021;
- our Current Report on [Form 8-K](#), filed on November 19, 2021; and
- the description of our Class A common stock as set forth in our registration statement on [Form 8-A](#) (File No. 001-38532), filed with the SEC on June 15, 2018, pursuant to Section 12(b) of the Exchange Act, including any subsequent amendments or reports filed for the purpose of updating such description.

All reports and other documents we subsequently file pursuant to Section 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 (the “Exchange Act”) on or after the date of this prospectus, prior to the termination of this offering, including all such documents we may file with the SEC after the date of the post-effective amendment to the registration statement of which this prospectus is a part and prior to effectiveness of the post-effective amendment, but excluding any information furnished to, rather than filed with, the SEC, will also be incorporated by reference into this prospectus and deemed to be part of this prospectus from the date of the filing of such reports and documents.

We have entered into an ATM offering sales agreement (the “Sales Agreement”), dated as of August 20, 2021, as amended, among us, i3 Verticals, LLC and Raymond James & Associates, Inc., Morgan Stanley & Co. LLC and BTIG, LLC (each a “sales agent” and, collectively, “the sales agents”), relating to shares of our Class A common stock, par value \$0.0001 per share (“Class A common stock”), having an aggregate offering price of up to \$125,000,000.

Our Class A common stock is listed on the Nasdaq Global Select Market (“Nasdaq”) under the symbol “IIIV.” The last reported sale price of our Class A common stock on Nasdaq on November 19, 2021 was \$22.25 per share.

Sales of shares of Class A common stock, if any, under this prospectus may be made in negotiated transactions or transactions that are deemed to be “at the market” offerings as defined in Rule 415 under the Securities Act of 1933, as amended (the “Securities Act”), including sales made directly on Nasdaq or sales made to or through a market maker other than on an exchange. Under the terms of the Sales Agreement, we may also sell shares of our Class A common stock to any of the sales agents, as principal for its own account, at a price per share to be agreed upon at the time of sale. If we sell shares of our Class A common stock to a sales agent, as principal, we will enter into a separate terms agreement with the applicable sales agent and we will describe such agreement in a separate prospectus supplement or pricing supplement.

We are not, and each sales agent is not, making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. ### The Company

Recognizing the convergence of software and payments, i3 Verticals was founded in 2012 with the purpose of delivering seamless integrated payment and software solutions to participants in strategic vertical markets. Having built a platform of payment solutions, now we build and acquire software to serve our broad range of clients across multiple vertical markets. Since commencing operations, we have steadily increased our market share and product breadth through a combination of organic growth initiatives and acquisitions. Our broad suite of vertical market software and integrated payment solutions addresses the specific needs of public and private organizations in our strategic vertical markets.

We focus on strategic vertical markets where we can build lasting customer relationships. Our primary markets are underserved, fragmented, large, and growing. Our primary strategic vertical markets include:

- **Public Sector**—We have products and solutions that create an efficient flow of information throughout a variety of public sector entities, including states and local governments. Our solutions help our clients provide more responsive and efficient services to their citizens. We have products that enable upper and lower court case management, collections, finance and accounting, motor vehicle registration and license plate inventory, property tax management, utility billing, professional licensing, document workflow, and law enforcement software. We deliver integrated payments solutions throughout many of these products and these solutions allow our clients to efficiently process court, tax, utility and other payments. We also assist public schools, from primary through university, in completing payment processing functions such as accepting payments for school lunches (online, at school, or at the point-of-sale) and school activities. Our payment solutions, many of which utilize the payment facilitator model, are self-serve payment and data collection software platforms that manage critical information via web, mobile, and on-site transaction processing. Using our convenience-fee payment technology, our school and court clients in this vertical often receive the full principal amount which alleviates reconciliation issues and processing costs.
- **Healthcare**—We provide businesses in our healthcare vertical with software platforms for revenue cycle management, including coding, insurance adjudication, billing, scheduling and integrated payments. Our solutions help our clients efficiently code and bill for their services, and ultimately receive reimbursement. We offer our software as a service and bundle it with professional services that specialize in outsourced revenue cycle management. Our payment solutions in the healthcare market seamlessly integrate into our own proprietary software, as well as that of our distribution partners, consisting of independent software vendors. We also provide workflow software and associated professional services to medical insurance payers.

We target vertical markets where businesses and organizations tend to lack integrated payment functionality within their business management systems. When we present software solutions that integrate the customer's operations with their payments, we can build a long-term relationship primed to grow together.

A core component of our growth strategy includes a disciplined approach to acquisitions of companies and technology, evidenced by more than 40 acquisitions since our inception in 2012. Our acquisitions have opened new strategic vertical markets, increased the number of businesses and organizations to whom we provide solutions and augmented our existing payment and software solutions and capabilities. Our management team has significant experience acquiring and integrating vertical market software businesses that complement our existing suite of products and solutions. Due to our management team's longstanding relationships and domain expertise, we maintain a strong pipeline of acquisition targets and are constantly evaluating businesses against our acquisition criteria.

We generate revenue from software licenses and subscriptions, ongoing support, and other software-related solutions. We also generate revenue from volume-based fees generated by payment processing services provided to clients throughout the United States. Our payment processing services enable clients to accept electronic payments, facilitating the exchange of funds and transaction data between clients, financial institutions and payment networks. Our integrated payment and software solutions coupled with our distribution network derive significant scale from operating efficiencies, which enables us to generate strong operating margins and profitability.

In many cases, we deliver our proprietary software solutions to strategic vertical markets through the payment facilitator model, where we:

- enable superior data management by aggregating multiple small merchants under our “master” account, resulting in the collection and management of data not historically readily available;
- streamline and simplify merchant onboarding, often resulting in client approval in minutes or hours rather than days or weeks; and
- provide ease of reporting and reconciliation, allowing our clients to accept electronic payments in a faster, more convenient fashion.

## RISK FACTORS

*An investment in our Class A common stock involves risks. Before you invest in shares of our Class A common stock, you should carefully consider the risk factors described below, as well as the risk factors described in our 2021 Form 10-K, which are incorporated herein by reference. You should also carefully consider all of the other information included and incorporated by reference in this prospectus. If any of the risks discussed or incorporated by reference in this prospectus were to occur, our business, financial condition and results of operations could be materially and adversely affected, the market price of shares of our Class A common stock could decline significantly and you could lose all or part of your investment in our shares of Class A common stock.*

*This prospectus and the incorporated documents also contain forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks mentioned below. Forward-looking statements included in this prospectus are based on information available to us on the date hereof, and all forward-looking statements in documents incorporated by reference are based on information available to us as of the date of such documents. We disclaim any intent to update any forward-looking statements. See the section entitled "Forward-Looking Statements" in this prospectus.*

### **Risks Related to this Offering**

***Our management will have broad discretion in the use of the net proceeds from this offering and may allocate the net proceeds from this offering in ways that investors in this offering and other stockholders may not approve.***

Our management will have broad discretion in the use of the net proceeds, including for any of the purposes described in the section entitled "Use of Proceeds," and investors in this offering will not have the opportunity as part of an investment decision to assess whether the net proceeds are being used in ways with which they may not agree with or may not otherwise be considered appropriate. Because of the number and variability of factors that will determine our use of the net proceeds from this offering, their ultimate use may vary substantially from their currently intended use. The failure of our management to use these funds effectively could harm our business. Pending their use, we may invest the net proceeds from this offering in short-term, investment-grade, interest-bearing securities. These investments may not yield a favorable return to our stockholders.

***You may be diluted by future issuances of preferred stock or additional Class A common stock or Common Units in connection with our incentive plans, acquisitions or otherwise, including the i3 Verticals, Inc. 2020 Acquisition Equity Incentive Plan; future sales of such shares in the public market, or the expectations that such sales may occur, could lower our stock price.***

Our amended and restated certificate of incorporation authorizes us to issue shares of our Class A common stock and options, rights, warrants and appreciation rights relating to our Class A common stock for the consideration and on the terms and conditions established by our Board of Directors in its sole discretion. We could issue a significant number of shares of Class A common stock in the future in connection with investments or acquisitions. Any of these issuances, including pursuant to our i3 Verticals, Inc. 2020 Acquisition Equity Incentive Plan, could dilute our existing stockholders, and such dilution could be significant. Moreover, such dilution could have a material adverse effect on the market price for the shares of our Class A common stock.

The future issuance of shares of preferred stock with voting rights may adversely affect the voting power of the holders of shares of our Class A common stock, either by diluting the voting power of our Class A common stock if the preferred stock votes together with the common stock as a single class, or by giving the holders of any such preferred stock the right to block an action on which they have a separate class vote, even if the action were approved by the holders of our shares of our Class A common stock.

The future issuance of shares of preferred stock with dividend or conversion rights, liquidation preferences or other economic terms favorable to the holders of preferred stock could adversely affect the market price for our Class A common stock by making an investment in the Class A common stock less attractive. For example, investors in the Class A common stock may not wish to purchase Class A common stock at a price above the conversion price of a series of convertible preferred stock because the holders of the preferred stock would effectively be entitled to purchase Class A common stock at the lower conversion price, causing economic dilution to the holders of Class A common stock.

***We do not anticipate paying any cash dividends on our Class A common stock in the foreseeable future.***

We currently intend to retain our future earnings, if any, for the foreseeable future, to repay indebtedness and to fund the development and growth of our business. We do not intend to pay any dividends to holders of our Class A common stock in the foreseeable future. Any decision to declare and pay dividends in the future will be made at the discretion of our Board of Directors taking into account various factors, including our business, operating results and financial condition, current and anticipated cash needs, plans for expansion, any legal or contractual limitations on our ability to pay dividends under our senior secured credit facility or otherwise. As a result, if our Board of Directors does not declare and pay dividends, the capital appreciation in the price

of our Class A common stock, if any, will be the only source of gain on an investment in our Class A common stock, and holders of our Class A common stock may have to sell some or all of their shares to generate cash flow from their investment.

In addition, even if we decide in the future to pay any dividends, we are a holding company with no independent operations of our own, and we depend on distributions from i3 Verticals, LLC to pay taxes, make payments under the Tax Receivable Agreement or pay any cash dividends on our Class A common stock. Deterioration in the financial conditions, earnings or cash flow of i3 Verticals, LLC and its subsidiaries for any reason could limit or impair its ability to pay cash distributions or other distributions to us, thereby rendering us unable to pay dividends.

***If we fail to meet industry analyst expectations, or analysts downgrade their recommendations regarding our Class A common stock, its trading price and volume could decline.***

Our Class A common stock is traded publicly and various securities analysts follow our company and issue reports on us. These reports include information about our historical financial results as well as the analysts' estimates of our future performance. The analysts' estimates are based upon their own independent opinions and may be different from our own estimates or expectations. If our operating results are below the estimates or expectations of public market analysts and investors, the trading price of our Class A common stock could decline. If one or more of securities and industry analysts cease coverage of our company or fail to publish reports on us regularly, we could lose visibility in the financial markets, which in turn could cause our stock price or trading volume to decline and our Class A common stock to be less liquid. Moreover, if one or more of the analysts who cover us downgrades our stock or publishes inaccurate or unfavorable research about our business, or if our results of operations do not meet their expectations, our stock price could decline.

***Our stock price could be extremely volatile and may decline substantially from the public offering price. As a result, you may not be able to resell your shares at or above the price you paid for them.***

The market price of our Class A common stock may be highly volatile and could be subject to wide fluctuations. Volatility in the market price of our Class A common stock, as well as general economic, market or political conditions, may prevent a holder of our Class A common stock from being able to sell their shares at or above the price you paid for your shares and may otherwise negatively affect the liquidity of our Class A common stock. Holders of our Class A common stock may experience a decrease, which could be substantial, in the value of their stock, including decreases unrelated to our operating performance or prospects, and a holder of our Class A common stock could lose part or all of their investment. The price of our Class A common stock could be subject to wide fluctuations in response to a number of factors, including those described elsewhere in this prospectus and others such as:

- The COVID-19 pandemic is significantly affecting our operations, business and financial condition, and our liquidity could also be negatively impacted, particularly if the U.S. economy remains unstable for a significant amount of time.
- We have a history of operating losses and will need to generate significant revenues to attain and maintain profitability and positive cash flow and continue our acquisition program.
- The payment processing industry is highly competitive. Such competition could adversely affect the fees we receive, and as a result, our margins, business, financial condition and results of operations.
- To acquire and retain clients, we depend in part on distribution partners that generally do not serve us exclusively, may not aggressively market our products and services, are subject to attrition and are not under our control.
- If we cannot keep pace with rapid developments and changes in our industry, the use of our products and services could decline, causing a reduction in our revenues.
- Unauthorized disclosure, destruction or modification of data or disruption of our services could expose us to liability, protracted and costly litigation and damage our reputation.
- If we fail to comply with the applicable requirements of the Visa and Mastercard payment networks, those payment networks could seek to fine us, suspend us or terminate our registrations through our bank sponsors.
- If our bank sponsorships are terminated and we are not able to secure or successfully migrate client portfolios to new bank sponsors, we will not be able to conduct our business.
- Consolidation in the banking and financial services industry could adversely affect our business, results of operations and financial condition.
- We have faced, and may in the future face, significant chargeback liability if our clients refuse or cannot reimburse chargebacks resolved in favor of their customers, and we may not accurately anticipate these liabilities.
- On occasion, we experience increases in interchange and sponsorship fees; if we cannot pass these increases along to our clients, our profit margins will be reduced.
- Third-party hardware that we sell to our customers is generally procured from a limited number of suppliers. Thus, we are at risk of shortages, price increases, changes, delays or discontinuations of hardware, which could disrupt our business.
- Our systems and our third-party providers' systems may fail, or our third-party providers may discontinue providing their services or technology generally or to us specifically, which in either case could interrupt our business, cause us to lose business and increase our costs.

- We are subject to economic and political risk, the business cycles of our clients and distribution partners and changes in the overall level of consumer and commercial spending, which could negatively impact our business, financial condition and results of operations.
- A decline in the use of cards and ACH as payment mechanisms for consumers and businesses or adverse developments in the electronic payment industry in general could adversely affect our business, financial condition and operating results.
- We may not be able to successfully execute our strategy of growth through acquisitions.
- Revenues and profits generated via acquisition may be less than anticipated, the integration process could experience delays or difficulties, and we may fail to uncover all liabilities of acquisition targets through the due diligence process prior to an acquisition, resulting in unanticipated costs, losses or a decline in profits, as well as potential impairment charges.
- Changes in tax laws or their interpretations, or becoming subject to additional U.S., state or local taxes that cannot be passed through to our clients, could negatively affect our business, financial condition and results of operations.
- Many of our clients are SMBs, which can be more difficult and costly to retain than larger enterprises and may increase the effect of economic fluctuations on us.
- We may not be able to successfully manage our intellectual property.
- If we lose key personnel, or if their reputations are damaged, our business, financial condition and results of operations may be adversely affected, and proprietary information of our company could be shared with our competitors.
- In a dynamic industry like ours, our success and growth depend on our ability to attract, recruit, retain and develop qualified employees.
- Our operating results and operating metrics are subject to seasonality and volatility, which could result in fluctuations in our quarterly revenues and operating results or in perceptions of our business prospects.
- We are a decentralized company, which presents certain risks, including the risk that we may be slower or less able to identify or react to problems affecting a key business unit than we would in a more centralized environment, which could materially and adversely affect our business, financial condition and results of operations.
- We are the subject of various claims and legal proceedings and may become the subject of claims, litigation or investigations which could have a material adverse effect on our business, financial condition or results of operations.
- We are subject to extensive government regulation, and any new laws and regulations, industry standards or revisions made to existing laws, regulations or industry standards affecting the electronic payments industry, and the other industries in which we provide services, or our actual or perceived failure to comply with such obligations, may have an unfavorable impact on our business, financial condition and results of operations.
- Changing laws and governmental rules and regulations designed to protect or limit access to or use of personal information could adversely affect our ability to effectively provide our products and services, and actual or perceived failure to comply with such legal and regulatory obligations may negatively impact our business, financial condition and results of operations.
- Actual or perceived failures to comply with applicable healthcare laws and regulations could result in a material breach of contract with one or more of our clients in our healthcare vertical, harm our reputation and subject us to substantial civil and criminal penalties under such laws.
- Our indebtedness could adversely affect our financial health and competitive position.
- We may not be able to secure additional financing on favorable terms, or at all, to meet our future capital needs.
- We may not have the ability to raise the funds necessary to settle exchanges of the Exchangeable Notes or to repurchase the Exchangeable Notes upon a fundamental change.
- The conditional exchange feature of the Exchangeable Notes, if triggered, may adversely affect our financial condition and operating results.
- The potential cessation or modification of LIBOR may increase our interest expense or otherwise adversely affect us.
- The other factors described in “Risk Factors” contained elsewhere in and incorporated by reference into this prospectus for a further description of these and other factors.

In response to any one or more of these events, the market price of shares of our Class A common stock could decrease significantly. In the past, securities class action litigation has often been initiated against companies following periods of volatility in their stock price. This type of litigation could result in substantial costs and divert our management’s attention and resources, and could also require us to make substantial payments to satisfy judgments or to settle litigation.

***Taking advantage of the reduced disclosure requirements applicable to “emerging growth companies” may make our Class A common stock less attractive to investors.***

We qualify as an “emerging growth company” (as defined in the JOBS Act). An emerging growth company may take advantage of certain reduced reporting and other requirements that are otherwise generally applicable to public companies. We have chosen to take advantage of each of these exemptions. The JOBS Act permits an emerging growth company to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies. We have elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it

has different application dates for public or private companies, we, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make a comparison of our financial statements with the financial statements of a public company that is not an emerging growth company, or the financial statements of an emerging growth company that has opted out of using the extended transition period, difficult or impossible because of the potential differences in accounting standards used. We could be an emerging growth company until the last day of the fiscal year following the fifth anniversary of our IPO. We cannot predict if investors will find our Class A common stock less attractive because we elected to rely on these exemptions, or if taking advantage of these exemptions will result in less active trading or more volatility in the price of our Class A common stock.

## USE OF PROCEEDS

We intend to use the net proceeds we receive from the issuance and sale by us of any shares of Class A common stock to or through the sales agents to purchase Common Units from i3 Verticals, LLC. i3 Verticals, LLC intends to use all the net proceeds it receives for general corporate purposes, which may include, without limitation, repaying indebtedness (including amounts outstanding from time to time under our senior secured credit facility), acquisitions, working capital and capital expenditures.

As of September 30, 2021, we owed \$104.4 million under our senior secured credit facility. Our senior secured credit facility matures on May 9, 2024. As of September 30, 2021, the interest rate on the borrowings outstanding under our senior secured credit facility was 3.6% per annum.

## PLAN OF DISTRIBUTION

We have entered into an ATM Offering Sales Agreement, dated as of August 20, 2021, as amended, among us, i3 Verticals, LLC and Raymond James & Associates, Inc., Morgan Stanley & Co. LLC and BTIG, LLC and under which we may from time to time offer and sell shares of our Class A common stock having a maximum aggregate offering price of up to \$125,000,000. Sales of the shares to which this prospectus relate, if any, may be made in negotiated transactions or transactions that are deemed to be “at the market” offerings as defined in Rule 415 under the Securities Act, including sales made directly on the Nasdaq Global Select Market or sales made to or through a market maker other than on an exchange.

From time to time during the term of the Sales Agreement, we may deliver an issuance notice to one of the sales agents with the maximum amount of our Class A common stock to be sold and the minimum price below which sales may not be made. Upon receipt of an issuance notice from us, and subject to the terms and conditions of the Sales Agreement, each sales agent agrees to use its commercially reasonable efforts consistent with its normal trading and sales practices and applicable law and regulations to sell such shares of our Class A common stock on such terms. Offers and sales, if any, will be made by only one sales agent on any given day. We or any of the sales agents may suspend the offering of our Class A common stock at any time upon proper notice to the other, upon which the selling period will immediately terminate. Settlement for sales of our Class A common stock will occur on the second business day following the date on which any sales are made, unless we agree otherwise in writing with the applicable sales agent. The obligation of each sales agent under the Sales Agreement to sell shares of our Class A common stock pursuant to an issuance notice is subject to certain conditions, which such sales agent reserves the right to waive in its sole discretion.

We may also sell some or all of the shares of our Class A common stock to a sales agent as principal for its own account at a price agreed upon at the time of sale. If we sell shares of our Class A common stock to a sales agent as principal, we will enter into a separate terms agreement setting forth the terms of such transaction and we will describe the agreement in a separate prospectus supplement or pricing supplement.

We will pay each sales agent commissions for its services in acting as agent and/or principal in the sale of our shares of Class A common stock. Each sales agent will be entitled to compensation that will not exceed, but may be lower than, 3.0% of the gross sales price of all our shares of Class A common stock sold through it from time to time under the Sales Agreement.

Sales of our Class A common stock as contemplated by this prospectus will be settled through the facilities of The Depository Trust Company or by such other means as we and the relevant sales agent may agree.

We will report at least quarterly the aggregate number of shares of our Class A common stock sold through the sales agents, the net proceeds to us from such sales and the compensation paid by us to the sales agents in connection with such sales.

Our Class A common stock is an “actively-traded security” excepted from the requirements of Rule 101 of Regulation M under the Exchange Act by Rule 101(c)(1) of Regulation M. If either we or a sales agent has reason to believe that the exemptive provisions set forth in Rule 101(c)(1) of Regulation M are not satisfied, that party will promptly notify the other and sales of our Class A common stock under the Sales Agreement will be suspended until Rule 101(c)(1) or other exemptive provisions have been satisfied in our and such sales agent’s judgment.

The expenses of this offering, excluding compensation payable to the sales agents under the terms of the Sales Agreement, are estimated at approximately \$0.3 million and are payable by us.

The offering of our Class A common stock pursuant to the Sales Agreement will terminate upon the earlier of (1) the sale of the maximum aggregate amount of our Class A common stock subject to the Sales Agreement and (2) the termination of the Sales Agreement by us or the sales agents at any time in each of our sole discretion.

The sales agents and their respective affiliates have provided, and may in the future provide, various investment banking, commercial banking, fiduciary and advisory services for us from time to time for which they have received, and may in the future receive, customary fees and expenses. The sales agents and their affiliates may, from time to time, engage in other transactions with and perform services for us in the ordinary course of their business.

In addition, in the ordinary course of their business activities, the sales agents and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates.

In connection with the sale of our Class A common stock on our behalf, the sales agents may be deemed to be “underwriters” within the meaning of the Securities Act and the compensation of the sales agents may be deemed to be underwriting commissions or discounts. We have agreed to indemnify the sales agents against specified liabilities, including liabilities under the Securities Act, or to contribute to payments that the sales agents may be required to make because of those liabilities.

## **LEGAL MATTERS**

Certain legal matters will be passed upon for us by Bass, Berry & Sims PLC, Nashville, Tennessee. Mayer Brown LLP, New York, New York, will act as counsel for the sales agents.

**Item 15. Indemnification of Directors and Officers**

Section 102 of the Delaware General Corporation Law (the "DGCL") permits a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit. Our amended and restated certificate of incorporation provides that none of our directors shall be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duty as a director, notwithstanding any provision of law imposing such liability, except to the extent that the DGCL prohibits the elimination or limitation of liability of directors for breaches of fiduciary duty.

Section 145 of the DGCL provides that a corporation has the power to indemnify a director, officer, employee, or agent of the corporation, or a person serving at the request of the corporation for another corporation, partnership, joint venture, trust or other enterprise in related capacities against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with an action, suit or proceeding to which he was or is a party or is threatened to be made a party to any threatened, ending or completed action, suit or proceeding by reason of such position, if such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, in any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful, except that, in the case of actions brought by or in the right of the corporation, no indemnification shall be made with respect to any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or other adjudicating court determines that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Our amended and restated certificate of incorporation and amended and restated bylaws provide indemnification for our directors and officers to the fullest extent permitted by the DGCL. We indemnify each person who was or is a party or threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of us) by reason of the fact that he or she is or was, or has agreed to become, a director or officer, or is or was serving, or has agreed to serve, at our request as a director, officer, partner, employee or trustee of, or in a similar capacity with, another corporation, partnership, joint venture, trust or other enterprise (all such persons being referred to as an "Indemnitee"), or by reason of any action alleged to have been taken or omitted in such capacity, against all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding and any appeal therefrom, if such Indemnitee acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, our best interests, and, with respect to any criminal action or proceeding, he or she had no reasonable cause to believe his or her conduct was unlawful. Our amended and restated certificate of incorporation and amended and restated bylaws provide that we will indemnify any Indemnitee who was or is a party to an action or suit by or in the right of us to procure a judgment in our favor by reason of the fact that the Indemnitee is or was, or has agreed to become, a director or officer, or is or was serving, or has agreed to serve, at our request as a

director, officer, partner, employee or trustee of, or in a similar capacity with, another corporation, partnership, joint venture, trust or other enterprise, or by reason of any action alleged to have been taken or omitted in such capacity, against all expenses (including attorneys' fees) and, to the extent permitted by law, amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding, and any appeal therefrom, if the Indemnitee acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, our best interests, except that no indemnification shall be made with respect to any claim, issue or matter as to which such person shall have been adjudged to be liable to us, unless a court determines that, despite such adjudication but in view of all of the circumstances, he or she is entitled to indemnification of such expenses. Notwithstanding the foregoing, to the extent that any Indemnitee has been successful, on the merits or otherwise, he or she will be indemnified by us against all expenses (including attorneys' fees) actually and reasonably incurred in connection therewith. Expenses must be advanced to an Indemnitee under certain circumstances.

We have entered into indemnification agreements with each of our current directors and officers. These agreements require us to indemnify these individuals to the fullest extent permitted by law and our amended and restated certificate of incorporation and amended and restated bylaws against any and all expenses, judgments, fines, penalties and amounts paid in settlement of any claim. The indemnification agreements provide for the advancement or payment of all expenses to the indemnitee and for the reimbursement to us if it is found that such indemnitee is not entitled to such indemnification under applicable law and our amended and restated certificate of incorporation and amended and restated bylaws.

We believe that the amended and restated certificate of incorporation and amended and restated bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. At present, there is no litigation or proceeding involving one of our directors or officers as to which indemnification is being sought, nor are we aware of any threatened litigation that may result in claims for indemnification by any officer or director.

We expect to maintain standard policies of insurance that provide coverage (i) to our directors and officers against loss arising from claims made by reason of breach of duty or other wrongful act and (ii) with respect to indemnification payments that we may make to such directors and officers.

In any underwriting agreement we enter into in connection with the sale of Class A common stock being registered hereby, the underwriters will agree to indemnify, under certain conditions, us, our directors, our officers and persons who control us within the meaning of the Securities Act of 1933, as amended (the "Securities Act") against certain liabilities.

## Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
  - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
  - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
  - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

*provided, however*, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act to any purchaser:
  - a. each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
  - b. each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof; *provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
  - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
  - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
  - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

- (d) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Exchange Act and will be governed by the final adjudication of such issue.

**SIGNATURES**

This Amendment No. 1 (“**Amendment No. 1**”) amends that certain ATM Offering Sales Agreement, dated as of August 20, 2021 (the “**Agreement**”), by and among i3 Verticals, Inc., a Delaware corporation (the “**Company**”), and i3 Verticals, LLC, a Delaware limited liability company (“**i3 Verticals, LLC**” and, together with the Company, the “**i3 Verticals Parties**”) and Raymond James & Associates, Inc., Morgan Stanley & Co. LLC and BTIG, LLC, as sales agents and/or principals (the “**Agents**”). Defined terms used herein and not otherwise defined shall have the meaning assigned to such terms in the Agreement.

WITNESSETH THAT:

WHEREAS, the Company will not be a “well-known seasoned issuer” as such term is defined in Rule 405 under the Securities Act of 1933, as amended, upon the filing of the Annual Report on Form 10-K for the year ended September 30, 2021; and

WHEREAS, the i3 Verticals Parties and the Agents now desire to amend the Agreement as provided herein.

“The Registration Statement is an automatic shelf registration statement under Rule 405 and the Shares have been and remain eligible for registration by the Company on such automatic shelf registration statement.”
3. Section 1(iii) of the Agreement is amended and restated in its entirety as set forth below:

“Well Known Seasoned Issuer. (i) At the original effectiveness of the Registration Statement and (ii) at the time the Company or any person acting on its behalf (within the meaning, for this clause only, of Rule 163(c) under the Securities Act) made any offer relating to the Shares in reliance on the exemption in Rule 163 under the Securities Act, the Company was a “well known seasoned issuer” (as defined in Rule 405).”

6. Except as amended hereby, the Agreement as now in effect is ratified and confirmed hereby in all respects. For the avoidance of doubt, this Amendment No. 1 and all of its provisions shall be deemed to be a part of the Agreement, as amended hereby.
7. This Amendment No. 1 shall be governed by and construed in accordance with the internal laws of the State of New York applicable to agreements made and to be performed in such state. Any legal suit, action or proceeding arising out of or based upon this Amendment No. 1 or the transactions contemplated hereby may be instituted in the federal courts of the United States of America located in the Borough of Manhattan

in the City of New York or the courts of the State of New York in each case located in the Borough of Manhattan in the City of New York (collectively, the "Specified Courts"), and each party irrevocably submits to the exclusive jurisdiction (except for proceedings instituted in regard to the enforcement of a judgment of any such court, as to which such jurisdiction is non-exclusive) of such courts in any such suit, action or proceeding. Service of any process, summons, notice or document by mail to such party's address set forth in the Agreement shall be effective service of process for any suit, action or other proceeding brought in any such court. **Re: Post-Effective Amendment No. 1 to the Registration Statement on Form S-3**

Ladies and Gentlemen:

We have acted as counsel to i3 Verticals, Inc., a Delaware corporation (the “**Company**”) in connection with the filing of Post-Effective Amendment No. 1 to the Company’s registration statement on Form S-3 (Registration No. 333-258950) (as amended or supplemented, the “**Registration Statement**”), including the prospectus constituting a part thereof (the “**Prospectus**”), to be filed with the Securities and Exchange Commission (the “**Commission**”) on the date hereof pursuant to the Securities Act of 1933, as amended (the “**Securities Act**”).

The Prospectus provides that it will be supplemented in the future by one or more supplements to the Prospectus (each, a “**Prospectus Supplement**”). The Prospectus, as supplemented by various Prospectus Supplements, will provide for the registration (a) for issue and sale by the Company of up to \$300,000,000 offering price of (i) shares of the Company’s Class A common stock, \$0.0001 par value per share (“**Class A Common Stock**”), (ii) shares of one or more series of the Company’s preferred stock, \$0.0001 par value per share (“**Preferred Stock**”), (iii) warrants to purchase Class A Common Stock or Preferred Stock (the “**Warrants**”), (v) rights to purchase Class A Common Stock or Preferred Stock (the “**Rights**”), and (vi) units composed of any of the foregoing (the “**Units**”), and (b) for resale by certain selling securityholders (the “**Selling Securityholders**”) of up to 8,625,971 shares of Class A Common Stock (the “**Selling Securityholder Shares**”) including (i) shares of Class A Common Stock that are issued and outstanding as of the date hereof (the “**Selling Securityholder Existing Shares**”), and (ii) shares of Class A Common Stock issuable to certain Selling Securityholders upon the exchange by such Selling Securityholders of an equivalent number of common units of i3 Verticals, LLC, a Delaware limited liability company, together with a corresponding number of shares of the Company’s Class B common stock, \$0.0001 par value per share (the “**Selling Securityholder Exchanged Shares**”). The shares of Class A Common Stock that are being registered for issue and sale by the Company are referred to herein as the “**Company Shares**” and, together with the Selling Securityholder Shares, collectively, the “**Common Stock**.” The Class A Common Stock, Preferred Stock, Warrants, Rights and Units, plus any additional Class A Common Stock, Preferred Stock, Warrants, Rights and Units that may be registered pursuant to any subsequent registration statement that the Company may hereafter file with the Commission pursuant to Rule 462(b) under the Securities Act in connection with the offering by the Company contemplated by the Registration Statement, are referred to herein collectively as the “**Securities**.”

In rendering our opinion, we have reviewed the Registration Statement and the exhibits thereto. We have also reviewed such corporate documents and records of the Company, such certificates of public officials and such other matters as we have deemed necessary or appropriate for purposes of this opinion. We also have been furnished with, and have relied upon, certificates of officers of the Company with respect to certain factual matters.

Except to the extent we opine as to the binding effect and/or enforceability of certain documents as set forth in paragraphs 3, 4 and 5 below, we have assumed that all documents referenced below are the valid and binding obligations of and enforceable against the parties thereto. We have also assumed the authenticity of all documents submitted to us as originals, the genuineness of all signatures, the conformity to authentic original documents of all documents submitted to us as certified, conformed or photostatic copies and the legal capacity of all natural persons.

The opinions expressed below are also based on the assumption that the Registration Statement has been filed by the Company with the Commission and will be effective at the time that any of the Securities are issued, and that persons acquiring the Securities will receive a prospectus containing all of the information required by Part I of the Registration Statement before acquiring such Securities.

Based on the foregoing, and subject to the assumptions, limitations and qualifications set forth herein, we are of the opinion that:

1. When an issuance of shares of Class A Common Stock has been duly authorized by all necessary corporate action of the Company, upon issuance, delivery and payment therefor in an amount not less than the par value thereof in the manner contemplated by the Registration Statement, the Prospectus and the related Prospectus Supplement(s) and by such corporate action, and in total amounts and numbers of shares that do not exceed the respective total amounts and numbers of shares (a) available under the Company's Amended and Restated Certificate of Incorporation ("**Certificate of Incorporation**"), and (b) authorized by the Board of Directors in connection with the offering contemplated by the applicable Prospectus, such shares of Class A Common Stock will be validly issued, fully paid and nonassessable.

2. The Selling Securityholder Existing Shares have been duly authorized by all necessary corporate action of the Company and are validly issued, fully paid and nonassessable.

3. When (a) an issuance of Selling Securityholder Exchanged Shares has been duly authorized by all necessary corporate action of the Company, (b) such Selling Securityholder Exchanged Shares have been duly registered on the books of the transfer agent and registrar therefor in the name or on behalf of the applicable Selling Securityholder, and (c) such Selling Securityholder Exchanged Shares have been issued by the Company against payment therefor in an amount not less than the par value thereof in the manner contemplated by the i3 Verticals, LLC Limited Liability Company Agreement (as the same may be amended from time to time), and by such corporate action, such Selling Securityholder Exchanged Shares will be validly issued, fully paid and nonassessable.

4. (a) When a new class or series of Preferred Stock has been duly established in accordance with the terms of the Certificate of Incorporation and the Company's Amended and

Restated Bylaws (“**Bylaws**”), and applicable law, and duly authorized by all necessary corporate action of the Company, and (b) assuming that either an appropriate certificate of amendment of the Company’s Certificate of Incorporation or a certificate of designation, in either case, fixing and determining the terms of such class or series of Preferred Stock has been duly approved by the Company’s Board of Directors and been filed with and accepted for record by the Secretary of State of the State of Delaware, and (c) assuming that upon the issuance of such Preferred Stock, the total number of issued and outstanding shares of the applicable class or series of Preferred Stock will not exceed the total number of shares of Preferred Stock or the number of shares of such class or series of Preferred Stock that the Company is then authorized to issue under its Certificate of Incorporation, then upon issuance and delivery of and payment for such shares in the manner contemplated by the Registration Statement, the Prospectus and the related Prospectus Supplement(s) and by such corporate action, such shares of such class or series of Preferred Stock (including any Preferred Stock duly issued upon (i) the exchange or conversion of any shares of Preferred Stock that are exchangeable or convertible into another class or series of Preferred Stock, (ii) the exercise of any duly issued Warrants exercisable for Preferred Stock, (iii) the exercise of any duly issued Rights exercisable for Preferred Stock or (iv) the exchange or settlement of Units that are exchangeable or able to be settled for Preferred Stock), will be validly issued, fully paid and nonassessable.

5. (a) When a warrant agreement relating to the Warrants (the “**Warrant Agreement**”) has been duly authorized, executed and delivered and the Warrants and the other Securities for which the Warrants will be exercisable have been duly authorized by all necessary corporate action of the Company, and (b) assuming that the terms of the Warrants and of their issuance and sale have been duly established in conformity with the Certificate of Incorporation and Bylaws and the Warrant Agreement, and (c) assuming that the terms of the Warrants as executed and delivered are as described in the Registration Statement, the Prospectus and the related Prospectus Supplement(s), and (d) assuming that the Warrants, as executed and delivered, do not violate any law applicable to the Company or result in a default under or breach of any agreement or instrument binding upon the Company, and (e) assuming that the Warrants as executed and delivered comply with all requirements and restrictions, if any, applicable to the Company, whether imposed by any court or governmental or regulatory body having jurisdiction over the Company, and (f) assuming that the Warrants are then issued and sold as contemplated in the Registration Statement, the Prospectus and the Prospectus Supplement(s), then upon issuance of and delivery of and payment for such Warrants in the manner contemplated by the Registration Statement, the Prospectus and the related Prospectus Supplement and the Warrant Agreement and by such corporate action, the Warrants (including any Warrants issued upon the exchange or settlement of Units that are exchangeable or able to be settled for Warrants) will constitute valid and binding obligations of the Company, enforceable against the Company in accordance with their terms, and the Warrants will be validly issued.

6. (a) When a rights agreement relating to the Rights (the “**Rights Agreement**”) has been duly authorized, executed and delivered and the Rights and the other Securities for which the Rights will be exercisable have been duly authorized by all necessary corporate action of the Company, and (b) assuming that the terms of the Rights and of their issuance and sale have been duly established in conformity with the Company’s Certificate of Incorporation and Bylaws and the Rights Agreement, and (c) assuming that the terms of the Rights as executed and delivered are as described in the Registration Statement, the Prospectus and the related Prospectus Supplement(s), and (d) assuming that the Rights, as executed and delivered, do not violate any

law applicable to the Company or result in a default under or breach of any agreement or instrument binding upon the Company, and (e) assuming that the Rights as executed and delivered comply with all requirements and restrictions, if any, applicable to the Company, whether imposed by any court or governmental or regulatory body having jurisdiction over the Company, and (f) assuming that the Rights are then issued and sold as contemplated in the Registration Statement, the Prospectus and the Prospectus Supplement(s), then upon issuance of and delivery of and payment for such Rights in the manner contemplated by the Registration Statement, the Prospectus and the related Prospectus Supplement and the Rights Agreement and by such corporate action, the Rights (including any Rights issued upon the exchange or settlement of Units that are exchangeable or able to be settled for Rights) will constitute valid and binding obligations of the Company, enforceable against the Company in accordance with their terms, and the Rights will be validly issued.

7. (a) When a unit agreement relating to the Units (the “**Unit Agreement**”) has been duly authorized, executed and delivered and the Units have been duly authorized by all necessary corporate action of the Company, and (b) assuming that the terms of the Units and of their issuance and sale have been duly established in conformity with the Unit Agreement, and (c) assuming that the terms of the Units as executed and delivered are as described in the Registration Statement, the Prospectus and the related Prospectus Supplement(s), and (d) assuming that the Units, as executed and delivered, do not violate any law applicable to the Company or result in a default under or breach of any agreement or instrument binding upon the Company, and (e) assuming that the Units as executed and delivered comply with all requirements and restrictions, if any, applicable to the Company, whether imposed by any court or governmental or regulatory body having jurisdiction over the Company, and (f) assuming that the Units are then issued and sold as contemplated in the Registration Statement, the Prospectus and the Prospectus Supplement(s), then upon issuance of and delivery of and payment for such Units in the manner contemplated by the Registration Statement, the Prospectus and the related Prospectus Supplement and the Unit Agreement and by such corporate action, the Units will constitute valid and binding obligations of the Company.

Our opinions set forth in the paragraphs above are subject to the following exceptions, limitations and qualifications: (i) the effect of bankruptcy, insolvency, reorganization, arrangement, moratorium, fraudulent conveyance, fraudulent transfer and other similar laws relating to or affecting the rights of creditors; (ii) the effect of general principles of equity (including, without limitation, concepts of materiality, reasonableness, good faith and fair dealing and the possible unavailability of specific performance, injunctive relief and other equitable remedies), regardless of whether considered in a proceeding at law or in equity, (iii) the effect of public policy considerations that may limit the rights of the parties to obtain further remedies, (iv) we express no opinion with respect to the enforceability of provisions relating to choice of law, choice of venue, jurisdiction or waivers of jury trial, and (v) we express no opinion with respect to the enforceability of any waiver of any usury defense.

To the extent that the obligations of the Company with respect to the Securities may be dependent on such matters, we assume for purposes of this opinion that the other party under the Warrant Agreement for any Warrants, under the Rights Agreement for any Rights and under the Unit Agreement for any Units, namely, the warrant agent, the rights agent or the unit agent, respectively, is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization; that such other party is duly qualified to engage in the activities

contemplated by such Warrant Agreement, Right Agreement or Unit Agreement, as applicable; that such Warrant Agreement, Right Agreement or Unit Agreement has been duly authorized, executed and delivered by such other party and constitutes the legally valid, binding and enforceable obligation of such other party, enforceable against such other party in accordance with its terms; that such other party is in compliance with respect to performance of its obligations under such Warrant Agreement, Rights Agreement or Unit Agreement, as applicable, with all applicable laws and regulations; and that such other party has the requisite organizational and legal power and authority to perform its obligations under such Warrant Agreement, Rights Agreement or Unit Agreement, as applicable.

Our opinions expressed herein are limited to the Delaware General Corporation Law. We do not express any opinion with respect to the law of any other jurisdiction or to the securities or “blue sky” laws of any jurisdiction or to state or federal antitrust laws. The opinions expressed in this opinion letter are strictly limited to the matters stated in this opinion letter and no other opinions are to be implied.

Our opinion is rendered as of the date hereof, and we assume no obligation to advise you of changes in law or fact (or the effect thereof on the opinions expressed herein) that hereafter may come to our attention. This opinion is being rendered for the benefit of the Company in connection with the matters addressed herein.

We hereby consent to the filing of this opinion with the Commission as an exhibit to the Registration Statement in accordance with the requirements of Item 601(b)(5) of Regulation S-K under the Securities Act and to the use of our name therein and in the related Prospectus and any Prospectus Supplement under the caption “Legal Matters.” We further consent to the incorporation by reference of this letter and consent into any registration statement or post-effective amendment to the Registration Statement filed pursuant to Rule 462(b) under the Securities Act with respect to the Securities. In giving such consent, we do not thereby admit that we are an “expert” within the meaning of the Securities Act.

Ladies and Gentlemen:

We have acted as counsel to i3 Verticals, Inc., a Delaware corporation (the “**Company**”), in connection with the preparation and filing of Post-Effective Amendment No. 1 to the Company’s registration statement on Form S-3 (Registration No. 333-258950) (as amended or supplemented, the “**Registration Statement**”), with the Securities and Exchange Commission (the “**Commission**”) pursuant to the Securities Act of 1933, as amended (the “**Securities Act**”). Reference is made to our opinion letter dated November 22, 2021 and included as Exhibit 5.1 to the Registration Statement. We are delivering this supplemental opinion letter in connection with the sales agreement prospectus (the “**Prospectus**”) contained in the Registration Statement. The Prospectus relates to the sale by the Company of shares of its Class A common stock, par value \$0.0001 per share (the “**Common Stock**”) having an aggregate offering price of up to \$125,000,000 (the “**Shares**”).

The offering and sale of the Shares are being made pursuant to an ATM Offering Sales Agreement dated as of August 20, 2021, with Raymond James & Associates, Inc., Morgan Stanley & Co. LLC and BTIG, LLC, as amended by that certain Amendment No. 1 to ATM Offering Sales Agreement, dated November 22, 2021 (as amended, the “**Sales Agreement**”).

In connection with this opinion, we have examined copies of the Sales Agreement, the Registration Statement and the Prospectus. We have also examined and relied upon such records, documents, certificates and other instruments as in our judgment are necessary or appropriate to form the basis for the opinions hereinafter set forth. In all such examinations, we have assumed the genuineness of signatures on original documents and the conformity to such original documents of all copies submitted to us as certified, conformed or photostatic copies, and as to certificates of public officials, we have assumed the same to have been properly given and to be accurate. As to matters of fact material to this opinion, we have relied, without independent verification, upon statements and representations of representatives of the Company and public officials.

This opinion is limited in all respects to the General Corporation Law of the State of Delaware (including the applicable provisions of the Delaware Constitution and the reported judicial decisions interpreting those laws currently in effect), and no opinion is expressed with respect to the laws of any other jurisdiction or any effect which such laws may have on the opinions expressed herein. This opinion is limited to the matters stated herein, and no opinion is implied or may be inferred beyond the matters expressly stated herein.

Based upon the foregoing, and subject to the assumptions, qualifications and limitations set forth herein, we are of the opinion that the Shares have been duly authorized by the Company, and when issued and delivered by the Company against payment therefor in accordance with the terms of the Sales Agreement, will be validly issued, fully paid and nonassessable.

This opinion is given as of the date hereof, and we assume no obligation to advise you after the date hereof of facts or circumstances that come to our attention or changes in law that occur, which could affect the opinions contained herein. This opinion is being rendered for the benefit of the Company in connection with the matters addressed herein.

We consent to the filing of this opinion as an exhibit to the Registration Statement and to the reference to us under the caption "Legal Matters" in the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Act or the rules and regulations of the Commission thereunder.
