By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. We believe that these risks and uncertainties include, but are not limited to, the following:

- our ability to successfully identify acquisition targets, complete those acquisitions and effectively integrate those acquisitions into our services;
- potential degradation of the quality of our products, services and support;
- our ability to retain clients, many of which are small- and medium-sized businesses, which can be difficult and costly to retain;

Those factors should not be construed as exhaustive and should be read with the other cautionary statements in this prospectus supplement and the accompanying prospectus. Although we base these forward-looking statements on assumptions that we believe are reasonable when made, we caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and industry developments may differ materially from statements made in or suggested by the forward-looking statements contained in or incorporated by reference into this prospectus supplement or the accompanying prospectus. Our Company

Recognizing the convergence of software and payments, i3 Verticals, LLC was founded in 2012 with the purpose of delivering seamless integrated payment and software solutions to small- and medium-sized businesses (SMBs) and organizations in strategic vertical markets. Since commencing operations, we have built a broad suite of payment and software solutions that address the specific needs of SMBs and other organizations in our strategic vertical markets, and we believe our suite of solutions differentiates us from our competition. Our primary strategic vertical markets include education, public sector, non-profit, property management and healthcare. These vertical markets are large, growing and tend to have increasing levels of electronic payments adoption compared to other industries. In addition to our strategic vertical markets, we also have a growing presence in the business-to-business (“B2B”) payments market. Our executive management team has a proven track record of successfully building publicly-traded payments companies, generating growth both organically and through acquisitions.

We distribute our payment technology and proprietary software solutions to our clients through our direct sales force as well as through a growing network of distribution partners, including independent software vendors (“ISVs”), value-added resellers (“VARs”), independent sales organizations (“ISOs”) and other referral partners, including financial institutions. Our ISV partners represent an important distribution channel and enable us to accelerate our market penetration through a cost effective one-to-many sales model that tends to result in high retention and faster growth.

Our integrated payment and software solutions feature embedded payment capabilities tailored to the specific needs of our clients in strategic vertical markets. Our configurable payment technology solutions are designed to integrate seamlessly into clients’ third-party business management systems, provide security that complies with Payment Card Industry Data Security Standards (“PCI DSS”) and include extensive reporting tools. In addition to integrations with third-party software, we deliver our own proprietary software solutions that are intended to increase the productivity of our clients by streamlining their business processes, particularly in the education, public sector and property management markets. We believe our proprietary software further differentiates us from our competitors in these strategic verticals and enables us to maximize our payment-related revenue. Through our proprietary gateway, we offer our clients a single point of access for a broad suite of payment and software solutions, enabling omni-channel point of sale (“POS”), spanning brick and mortar and electronic and mobile commerce, including app-based payments.

i3 Verticals, Inc. is a holding company that was incorporated as a Delaware corporation on January 17, 2018, for the purpose of completing an IPO of its Class A common stock and other related transactions in order to carry on the business of i3 Verticals, LLC and its subsidiaries. i3 Verticals, LLC (formerly known as Charge Payment, LLC) was organized as a Delaware limited liability company on September 7, 2012. Our corporate headquarters are located at 40 Burton Hills Blvd., Suite 415, Nashville, TN 37215. Our telephone number is (615) 465-4487, and our principal website address is www.i3verticals.com. The information on, or accessible through, our website is not incorporated by reference into this prospectus supplement or the accompanying prospectus.

Recent Developments

Recent Acquisition Activity

A core component of our growth strategy includes a disciplined approach to acquisitions of companies and technology, evidenced by numerous platform acquisitions and tuck-in acquisitions since our inception in 2012. Our acquisitions have opened new strategic vertical markets, expanded our offerings in existing vertical markets, increased the number of businesses and organizations to whom we provide solutions and augmented our existing payment and software solutions and capabilities.

During the nine months ended June 30, 2020, we continued to actively pursue our acquisition strategy, though we did not complete any acquisitions during this period. This was primarily the result of the uncertainty from the COVID-19 pandemic and our desire to maintain liquidity and monitor the impact of the pandemic. Subsequent to June 30, 2020, we have completed the acquisition of three businesses, with two expanding our geographic reach and software capabilities in the public sector vertical and the other adding text-to-pay capabilities and other software solutions in our non-profit vertical. Total purchase consideration for these three completed acquisitions was \$27.5 million, funded with cash and revolving line of credit proceeds, and an amount of contingent consideration, which is still being valued. In connection with these three acquisitions, we also granted an aggregate of approximately 100,000 stock options under our 2018 Equity Incentive Plan to certain key employees of the acquired companies. In addition, we currently have finalized separate non-binding term sheets for four acquisitions with an aggregate purchase price of approximately \$50-60 million and an amount of contingent consideration. If completed, we would also expect to grant approximately 250,000-450,000 stock options to certain key employees of the acquired businesses under our newly adopted 2020 Acquisition Equity Incentive Plan, as described below. Each of the term sheets relate to an acquisition in one of our existing vertical markets. Assuming satisfactory completion of our due diligence review and negotiation and execution of definitive agreements, we would expect these four acquisitions to close in the fourth fiscal quarter of 2020 or the first fiscal quarter of 2021. Our negotiations for these potential acquisitions are ongoing and there is no assurance that we will be able to successfully negotiate and execute the definitive documents for or consummate any of these acquisitions.

2020 Acquisition Equity Incentive Plan

In connection with our acquisitions and as discussed above, we have historically granted stock options to certain key employees of the acquired companies to induce them to join us subsequent to an acquisition and to align their interests with those of our stockholders. In order to help facilitate this practice, on September 8, 2020, our Board of Directors, upon recommendation of the Compensation Committee, adopted the i3 Verticals, Inc. 2020 Acquisition Equity Incentive Plan (the "Acquisition Plan") and reserved 1.5 million shares of our Class A common stock to be used exclusively for grants of awards to individuals that were not previously our employees or employees of our subsidiaries in connection with acquisitions, as a material inducement to the individual's entry into employment with us or our subsidiaries within the meaning of Rule 5635(c)(4) of the Nasdaq Listing Rules. Under the Acquisition Plan, we may grant eligible recipients stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards, performance awards, and other stock-based awards. It is our current expectation that the shares reserved under the Acquisition Plan will be sufficient to meet our grant needs in connection with acquisitions for at least the next twelve months, but the actual number will depend on the acquisitions consummated and the employees of those acquired companies who become our employees.

Payment Volumes

The COVID-19 pandemic is significantly affecting overall economic conditions in the United States. The economic impact of these conditions is materially impacting our business and is expected to continue to adversely impact our strategic verticals and our business in general. For example, beginning in the second half of March 2020 and continuing into the third quarter of fiscal 2020, we and our clients have experienced a decline and subsequent partial recovery in payment volume and the number of transactions processed, and therefore, a decline and subsequent partial recovery in revenue in our strategic verticals. However, as the table below demonstrates, our average daily payment volume has recovered 82% from the COVID-19 lows we experienced during the week of March 28, 2020. The impact of the COVID-19 pandemic is fluid and continues to evolve, and therefore, we cannot currently predict with certainty the extent to which our business, results of operations, financial condition or liquidity will ultimately be impacted.

Consolidated average daily payments volume⁽¹⁾ (\$ in millions)

1. This includes credit and debit card volume from our processing portfolios for which daily volume figures are readily available. The volume of portfolios for which daily volume figures are unavailable and any volume for which we receive residual payments but do not control the merchant relationship are not included. Average daily volume above represents approximately 85% of the credit and debit volume we reported, or we expect to report in our consolidated financial statements.

Software and Related Services Revenue

For the months ended July 31, 2020 and August 31, 2020, we estimate we had \$2.9 million and \$3.2 million, respectively, in software and related services revenue. Software and related services includes the sale of licenses, subscriptions, installation services, and ongoing support specific to software. While we currently expect that our final results will be consistent with the preliminary estimates set forth above, we note they are preliminary and have not been audited or reviewed and are thus inherently uncertain and subject to change as we complete our financial closing and review procedures for the three months and year ended September 30, 2020.

Implications of Being an Emerging Growth Company

We qualify as an “emerging growth company” as defined in the Jumpstart Our Business Startups Act of 2012, or the “JOBS Act.” An emerging growth company may take advantage of certain reduced disclosure and other requirements that are otherwise generally applicable to public companies. As a result, the information that we provide to stockholders may be different than the information you may receive from other public companies in which you hold equity. For example, so long as we are an emerging growth company:

- we are not required to engage an auditor to report on our internal control over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act;
- we are not required to comply with any requirement that may be adopted by the Public Company Accounting Oversight Board, or the PCAOB, regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (i.e., an auditor discussion and analysis);
- we are not required to submit certain executive compensation matters to stockholder advisory votes, such as “say-on-pay,” “say-on-frequency” and “say-on-golden parachutes”; and
- we are not required to comply with certain disclosure requirements related to executive compensation, such as the requirement to disclose the correlation between executive compensation and performance and the

requirement to present a comparison of our Chief Executive Officer's compensation to our median employee compensation.

We may take advantage of these reduced disclosure and other requirements until September 30, 2023, the last day of our fiscal year following the fifth anniversary of the completion of our IPO, or such earlier time that we are no longer an emerging growth company. For example, if certain events occur before the end of such five-year period, including if we have more than \$1.07 billion in annual revenue, have more than \$700 million in market value of our common stock held by non-affiliates, or issue more than \$1.0 billion of non-convertible debt over a three-year period, we will cease to be an emerging growth company.

As mentioned above, the JOBS Act permits us, as an emerging growth company, to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies. We have elected not to opt out of the extended transition period which means that when an accounting standard is issued or revised, and it has different application dates for public or private companies, as an emerging growth company, we can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make it difficult or impossible because of the potential differences in accounting standards used to compare our financial statements with the financial statements of a public company that is not an emerging growth company, or the financial statements of an emerging growth company that has opted out of using the extended transition period.

Risks Related to this Offering and Ownership of Our Class A Common Stock

The Continuing Equity Owners own Common Units in i3 Verticals, LLC, and the Continuing Equity Owners have the right to redeem their Common Units in i3 Verticals, LLC pursuant to the terms of the i3 Verticals LLC Agreement for shares of Class A common stock or cash.

After this offering, we will have an aggregate of 131,636,911 shares of Class A common stock authorized but unissued (or 131,149,411 if the underwriters exercise their overallotment option in full), including 12,388,121 shares of Class A common stock (or 11,900,621 if the underwriters exercise their overallotment option in full) issuable, at our election, upon redemption of i3 Verticals, LLC Common Units that will be held by the Continuing Equity Owners. Subject to certain restrictions in the i3 Verticals LLC Agreement, the Continuing Equity Owners are entitled to have their Common Units redeemed from time to time at each of their options (subject in certain circumstances to time-based and service-based vesting requirements and other limitations) for newly-issued shares of our Class A common stock on a one-for-one basis or a cash payment equal to a volume weighted average market price of one share of Class A common stock for each Common Unit redeemed, in each case, in accordance with the terms of the i3 Verticals LLC Agreement. At our election, however, we may effect a direct exchange by i3 Verticals, Inc. of such Class A common stock or such cash, as applicable, for such Common Units in lieu of redemption. The Continuing Equity Owners may exercise such redemption right for as long as their Common Units remain outstanding. We have entered into an IPO Registration Rights Agreement (as defined below) pursuant to which the shares of Class A common stock issued to certain Continuing Equity Owners upon such redemption and the shares of Class A common stock issued to certain Continuing Equity Owners in connection with the Reorganization Transactions will be eligible for resale registration, subject to certain limitations set forth in the Registration Rights Agreement.

We cannot predict the size of future issuances of our Class A common stock or the effect, if any, that future issuances and sales of shares of our Class A common stock may have on the market price of our Class A common stock. Sales or distributions of substantial amounts of our Class A common stock, including shares issued in connection with an acquisition, or the perception that such sales or distributions could occur, may cause the market price of our Class A common stock to decline.

You may be diluted by future issuances of preferred stock or additional Class A common stock or Common Units in connection with our incentive plans, acquisitions or otherwise, including the i3 Verticals, Inc. 2020 Acquisition Equity Incentive Plan; future sales of such shares in the public market, or the expectations that such sales may occur, could lower our stock price.

Our amended and restated certificate of incorporation authorizes us to issue shares of our Class A common stock and options, rights, warrants and appreciation rights relating to our Class A common stock for the consideration and on the terms and conditions established by our Board of Directors in its sole discretion. We could issue a significant number of shares of Class A common stock in the future in connection with investments or acquisitions. Any of these issuances, including pursuant to our new i3 Verticals, Inc. 2020 Acquisition Equity Incentive Plan, could dilute our existing stockholders, and such dilution could be significant. Moreover, such dilution could have a material adverse effect on the market price for the shares of our Class A common stock.

The future issuance of shares of preferred stock with voting rights may adversely affect the voting power of the holders of shares of our Class A common stock, either by diluting the voting power of our Class A common stock if the preferred stock votes together with the common stock as a single class, or by giving the holders of any such preferred stock the right to block an action on which they have a separate class vote, even if the action were approved by the holders of our shares of our Class A common stock.

The future issuance of shares of preferred stock with dividend or conversion rights, liquidation preferences or other economic terms favorable to the holders of preferred stock could adversely affect the market price for our Class A common stock by making an investment in the Class A common stock less attractive. For example, investors in the Class A common stock may not wish to purchase Class A common stock at a price above the conversion price of a series of convertible preferred stock because the holders of the preferred stock would effectively be entitled to purchase Class A common stock at the lower conversion price, causing economic dilution to the holders of Class A common stock.

A significant portion of our total outstanding shares are restricted from immediate resale but may be sold into the market in the near future. This could cause the market price of our Class A common stock to drop significantly, even if our business is doing well.

We and our officers, directors and certain Continuing Equity Owners, subject to certain exceptions, will agree that, without the prior written consent of BofA Securities, Inc. and Morgan Stanley & Co. LLC and the representatives of the underwriters (the "Representatives"), on behalf of the underwriters, we and they will not, during the period ending 60 days after the date of this prospectus supplement: (1) offer, sell, contract to sell, pledge, grant any option to purchase, make any short sale or otherwise transfer or dispose of, directly or indirectly, any shares of Class A common stock or any securities convertible into, exchangeable for or that represent the right to receive shares of Class A common stock; (2) file any registration statement with the SEC relating to the offering of any shares of Class A common stock or any securities convertible into or exercisable or exchangeable for Class A common stock; or (3) enter into any swap or other arrangement that transfers, in whole or in part, any of the economic consequences of ownership of Class A common stock, subject to certain exceptions. The Representatives, in their sole discretion, may release the Class A common stock and other securities subject to the lock-up agreements described above in whole or in part at any time with or without notice. See "Underwriting (Conflicts of Interest)."

The market price of our Class A common stock may decline significantly when the restrictions on resale by our existing stockholders lapse. A decline in the market price of our Class A common stock might impede our ability to raise capital through the issuance of additional shares of Class A common stock or other equity securities.

Sales of shares of our Class A common stock in connection with a Registration Rights Agreement, or the prospect of any such sales, could materially affect the market price of our Class A common stock and could impair our ability to raise capital through future sales of equity securities.

In connection with the completion of our IPO, we entered into a Registration Rights Agreement with certain Continuing Equity Owners ("IPO Registration Rights Agreement"). Further, we entered into a Registration Rights Agreement in connection with the issuance of the Exchangeable Notes (the "Notes Registration Rights Agreements"). Any sales in connection with the Registration Rights Agreements, or the prospect of any such sales, could materially impact the market price of our Class A common stock and could impair our ability to raise capital through future sales of equity securities.

In the future, we may also issue additional securities if we need to raise capital, including, but not limited to, in connection with acquisitions, which could constitute a material portion of our then-outstanding shares of Class A common stock.

We do not anticipate paying any cash dividends on our Class A common stock in the foreseeable future.

We currently intend to retain our future earnings, if any, for the foreseeable future, to repay indebtedness and to fund the development and growth of our business. We do not intend to pay any dividends to holders of our Class A common stock in the foreseeable future. Any decision to declare and pay dividends in the future will be made at the discretion of our Board of Directors taking into account various factors, including our business, operating results and financial condition, current and anticipated cash needs, plans for expansion, any legal or contractual limitations on our ability to pay dividends under our senior secured credit facility or otherwise. As a result, if our Board of Directors does not declare and pay dividends, the capital appreciation in the price of our Class A common stock, if any, will be the only source of gain on an investment in our Class A common stock, and holders of our Class A common stock may have to sell some or all of their shares to generate cash flow from their investment.

In addition, even if we decide in the future to pay any dividends, we are a holding company with no independent operations of our own, and we depend on distributions from i3 Verticals, LLC to pay taxes, make payments under the Tax Receivable Agreement or pay any cash dividends on our Class A common stock. Deterioration in the financial conditions, earnings or cash flow of i3 Verticals, LLC and its subsidiaries for any reason could limit or impair its ability to pay cash distributions or other distributions to us, thereby rendering us unable to pay dividends.

If we fail to meet industry analyst expectations, or analysts downgrade their recommendations regarding our Class A common stock, its trading price and volume could decline.

Our Class A common stock is traded publicly and various securities analysts follow our company and issue reports on us. These reports include information about our historical financial results as well as the analysts' estimates of our future performance. The analysts' estimates are based upon their own independent opinions and may be different from our own estimates or expectations. If our operating results are below the estimates or expectations of public market analysts and investors, the trading price of our Class A common stock could decline. If one or more of securities and industry analysts cease coverage of our company or fail to publish reports on us regularly, we could lose visibility in the financial markets, which in turn could cause our stock price or trading volume to decline and our Class A common stock to be less liquid. Moreover, if one or more of the analysts who cover us downgrades our stock or publishes inaccurate or unfavorable research about our business, or if our results of operations do not meet their expectations, our stock price could decline.

Our stock price could be extremely volatile and may decline substantially from the public offering price. As a result, you may not be able to resell your shares at or above the price you paid for them.

The market price of our Class A common stock may be highly volatile and could be subject to wide fluctuations. Volatility in the market price of our Class A common stock, as well as general economic, market or political conditions, may prevent a holder of our Class A common stock from being able to sell their shares at or above the price you paid for your shares and may otherwise negatively affect the liquidity of our Class A common stock. Holders of our Class A common stock may experience a decrease, which could be substantial, in the value of their stock, including decreases unrelated to our operating performance or prospects, and a holder of our Class A common stock could lose part or all of their investment. The price of our Class A common stock could be subject to wide fluctuations in response to a number of factors, including those described elsewhere in this prospectus supplement and others such as:

- the anticipated impact to our business operations, payment volume and volume attrition due to the recent global pandemic of a novel strain of the coronavirus (COVID-19), including the impact of social distancing, shelter-in-place, shutdowns of non-essential businesses and similar measures imposed or undertaken by governments;
- our indebtedness and our ability to maintain compliance with the financial covenants in our senior secured credit facility in light of the impacts of the COVID-19 pandemic;
- our ability to meet our liquidity needs in light of the impacts of the COVID-19 pandemic;
- our ability to raise additional funds on terms acceptable to us, if at all, whether debt, equity or a combination thereof;
- the triggering of impairment testing of our fair-valued assets, including goodwill and intangible assets, in the event of a decline in the price of our Class A common stock;
- our ability to generate revenues sufficient to maintain profitability and positive cash flow;
- competition in our industry and our ability to compete effectively;
- our dependence on non-exclusive distribution partners to market our products and services;
- our ability to keep pace with rapid developments and changes in our industry and provide new products and services;
- liability and reputation damage from unauthorized disclosure, destruction or modification of data or disruption of our services;

- technical, operational and regulatory risks related to our information technology systems and third-party providers' systems;
- reliance on third parties for significant services;
- exposure to economic conditions and political risks affecting consumer and commercial spending, including the use of credit cards;
- our ability to increase our existing vertical markets, expand into new vertical markets and execute our growth strategy;
- our ability to protect our systems and data from continually evolving cybersecurity risks or other technological risks;
- our ability to successfully identify acquisition targets, complete those acquisitions and effectively integrate those acquisitions into our services;
- potential degradation of the quality of our products, services and support;
- our ability to retain clients, many of which are small- and medium-sized businesses, which can be difficult and costly to retain;
- our ability to successfully manage our intellectual property;
- our ability to attract, recruit, retain and develop key personnel and qualified employees;
- risks related to laws, regulations and industry standards;
- operating and financial restrictions imposed by our senior secured credit facility;
- risks related to the accounting method for the Exchangeable Notes;
- our ability to raise the funds necessary to settle exchanges of the Exchangeable Notes or to repurchase the Exchangeable Notes upon a fundamental change;
- risks related to the conditional exchange feature of the Exchangeable Notes; and
- the other factors described in "Risk Factors" herein and incorporated by reference into this prospectus supplement and the accompanying prospectus for a further description of these and other factors.

In response to any one or more of these events, the market price of shares of our Class A common stock could decrease significantly. In the past, securities class action litigation has often been initiated against companies following periods of volatility in their stock price. This type of litigation could result in substantial costs and divert our management's attention and resources, and could also require us to make substantial payments to satisfy judgments or to settle litigation.

Taking advantage of the reduced disclosure requirements applicable to "emerging growth companies" may make our Class A common stock less attractive to investors.

We qualify as an "emerging growth company" (as defined in the JOBS Act). An emerging growth company may take advantage of certain reduced reporting and other requirements that are otherwise generally applicable to public companies. We have chosen to take advantage of each of these exemptions. The JOBS Act permits an emerging growth company to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies. We have elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, we, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make a comparison of our financial statements with the financial statements of a public company that is not an emerging growth company, or the financial statements of an emerging growth company that has opted out of using the extended transition period, difficult or impossible because of the potential differences in accounting standards used. We could be an emerging growth company until the last day of the fiscal year following the fifth anniversary of our IPO. We cannot predict if investors will find our Class A common stock less attractive because we elected to rely on these

exemptions, or if taking advantage of these exemptions will result in less active trading or more volatility in the price of our Class A common stock.

USE OF PROCEEDS

We estimate, based on an offering price of \$23.50 per share, that the net proceeds to us from this offering will be approximately \$72.6 million, or approximately \$83.4 million if the underwriters exercise their option to purchase additional shares in full, after deducting underwriting discounts and commissions but before offering expenses.

We intend to use the net proceeds of this offering to purchase (1) 3,250,000 Common Units directly from i3 Verticals, LLC, and (2) if the underwriters exercise their option to purchase additional shares in full, 487,500 Common Units from certain Continuing Equity Owners, in each case at a price per Common Unit equal to the price per share paid by the underwriters for shares of our Class A common stock in this offering. i3 Verticals, LLC will receive estimated net proceeds of \$72.1 million from the sale of Common Units to i3 Verticals, Inc., after deducting estimated offering expenses of \$0.5 million. i3 Verticals, LLC intends to use all the net proceeds it receives for general corporate purposes, including to repay outstanding indebtedness and fund strategic acquisitions opportunities.

As of June 30, 2020, we owed \$35.0 million under our senior secured credit facility. Our senior secured credit facility matures on May 9, 2024. As of June 30, 2020, the interest rate on the borrowings outstanding under our senior secured credit facility was 3.6% per annum.

An affiliate of BofA Securities, Inc. is a lender and agent under our senior secured credit facility. To the extent that we use a portion of the net proceeds from this offering to reduce borrowings outstanding under our revolving credit facility, this sales agent or its affiliates will receive its proportionate share of any amount of such borrowing that are repaid with the proceeds from this offering.

DIVIDEND POLICY

We currently anticipate that we will retain all available funds for use in the operation and expansion of our business and to repay indebtedness, and we do not anticipate paying any cash dividends on our Class A common stock in the foreseeable future. To the extent that we elect to pay dividends in the future, Class B common stock will not be entitled to any dividend payments. Additionally, our ability to pay any cash dividends on our Class A common stock is limited by restrictions on the ability of i3 Verticals, LLC and our other subsidiaries to pay dividends or make distributions under the terms of our senior secured credit facility. Our ability to pay dividends may also be restricted by the terms of any future credit agreement or any future debt or preferred equity securities of us or our subsidiaries.

Accordingly, you may need to sell your shares of our Class A common stock to realize a return on your investment, and you may not be able to sell your shares at or above the price you paid for them. See “Risk Factors—Risks Related to this Offering and Ownership of Our Class A Common Stock—We do not anticipate paying any cash dividends on our Class A common stock in the foreseeable future.”

We are a holding company and our principal asset is the Common Units in i3 Verticals, LLC we hold. If we decide to pay a dividend in the future, we would need to cause i3 Verticals, LLC to make distributions to us in an amount sufficient to cover such dividend. If i3 Verticals, LLC makes such distributions to us, the other holders of Common Units will be entitled to receive pro rata distributions.

CAPITALIZATION

The following table sets forth the cash and cash equivalents and capitalization as of June 30, 2020 of:

Subject to the terms and conditions set forth in an underwriting agreement among us and the underwriters, we have agreed to sell to the underwriters, and each of the underwriters has agreed, severally and not jointly, to purchase from us, the number of shares of Class A common stock set forth opposite its name below if any of these shares are purchased.

Underwriter	Number of Shares
BofA Securities, Inc.	1,543,750

BTIG, LLC	154,375
D. A. Davidson & Co.	154,375
Total	3,250,000

If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The representatives have advised us that the underwriters propose initially to offer the shares to the public at the public offering price set forth on the cover page of this prospectus and to dealers at that price less a concession not in excess of \$0.71 per share. After the initial offering, the public offering price, concession or any other term of the offering may be changed.

The following table shows the public offering price, underwriting discount and proceeds before expenses to us. The information assumes either no exercise or full exercise by the underwriters of their option to purchase additional shares.

	Per Share	Without Option	With Option
Public offering price	\$ 23.50	\$ 76,375,000	\$ 87,831,250
Underwriting discount	\$ 1.1750	\$ 3,818,750	\$ 4,391,563
Proceeds, before expenses, to us	\$ 22.3250	\$ 72,556,250	\$ 83,439,688

The expenses of the offering, not including the underwriting discount, are estimated at \$0.5 million and are payable by us. We have agreed to pay the cost of qualifying the offering with the Financial Industry Regulatory Authority of up to \$10,000.

Option to Purchase Additional Shares

We have granted an option to the underwriters, exercisable for 30 days after the date of this prospectus, to purchase up to 487,500 additional shares at the public offering price, less the underwriting discount. If the underwriters exercise this option, each will be obligated, subject to conditions contained in the underwriting agreement, to purchase a number of additional shares proportionate to that underwriter's initial amount reflected in the above table.

No Sales of Similar Securities

We, our executive officers and directors, and certain of our other stockholders, have agreed not to sell or transfer any Class A common stock or securities convertible into, exchangeable for, exercisable for, or repayable with Class A common stock, for 60 days after the date of this prospectus without first obtaining the written consent of BofA Securities, Inc. and Morgan Stanley & Co. LLC. Specifically, we and these other persons have agreed, with certain limited exceptions, not to directly or indirectly: (a) offer, pledge, sell or contract to sell any Class A common stock; (b) sell any option or contract to purchase any Class A common stock; (c) purchase any option or contract to sell any Class A common stock; (d) grant any option, right or warrant to purchase or otherwise transfer or dispose of any Class A common stock; (e) request or demand that we file a registration statement related to the Class A common stock; or (f) enter into any swap or other agreement that transfers, in whole or in part, directly or indirectly, the economic consequence of ownership of any Class A common stock whether any such swap or transaction is to be settled by delivery of shares or other securities, in cash or otherwise.

This lock-up provision applies to Class A common stock and to securities convertible into or exchangeable or exercisable for or repayable with Class A common stock. It also applies to Class A common stock owned now or acquired later by the person executing the agreement or for which the person executing the agreement later acquires the power of disposition. The exceptions permit us, among other things and subject to restrictions, to: (a) issue Class A common stock or options pursuant to employee benefit plans; (b) issue Class A common stock upon exercise of outstanding options or warrants; (c) issue securities in connection with acquisitions or similar transactions; and (d) file registration statements on Form S-8. The exceptions permit parties to the "lock-up" agreements, among other things and subject to restrictions, to: (a) make certain gifts; (b) if the party is a corporation, partnership, limited liability company or other business entity, make transfers to any stockholders, limited partners or limited liability company members of similar equity interests in, the party, or to an affiliate of the party, if such transfer is not for value; and (c) to any trust for the direct or indirect benefit of the party or the immediate family of the party.

BofA Securities, Inc. and Morgan Stanley & Co. LLC, in their sole discretion, may jointly release our Class A common stock and other securities subject to the lock-up agreements described above in whole or in part at any time. When determining whether to release our Class A common stock and other securities from lock-up agreements, BofA Securities, Inc. and Morgan Stanley & Co. LLC will consider, among other factors, the holder's reasons for requesting the release, the number of shares for which the release is being requested and market conditions at the time of the request.

Nasdaq Global Market Listing

The shares are listed on the Nasdaq Global Select Market under the symbol "IIIV."

Price Stabilization, Short Positions

Until the distribution of the shares is completed, SEC rules may limit underwriters and selling group members from bidding for and purchasing our Class A common stock. However, the representatives may engage in transactions that stabilize the price of the Class A common stock, such as bids or purchases to peg, fix or maintain that price.

In connection with the offering, the underwriters may purchase and sell our Class A common stock in the open market. These transactions may include short sales, purchases on the open market to cover positions created by short sales and stabilizing transactions. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. "Covered" short sales are sales made in an amount not greater than the underwriters' option to purchase additional shares described above. The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option granted to them. "Naked" short sales are sales in excess of such option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our Class A common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of shares of Class A common stock made by the underwriters in the open market prior to the completion of the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of our Class A common stock or preventing or retarding a decline in the market price of our Class A common stock. As a result, the price of our Class A common stock may be higher than the

price that might otherwise exist in the open market. The underwriters may conduct these transactions on Nasdaq, in the over-the-counter market or otherwise.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our Class A common stock. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Passive Market Making

In connection with this offering, underwriters and selling group members may engage in passive market making transactions in our Class A common stock on Nasdaq in accordance with Rule 103 of Regulation M under the Exchange Act during a period before the commencement of offers or sales of Class A common stock and extending through the completion of distribution. A passive market maker must display its bid at a price not in excess of the highest independent bid of that security. However, if all independent bids are lowered below the passive market maker's bid, that bid must then be lowered when specified purchase limits are exceeded. Passive market making may cause the price of our Class A common stock to be higher than the price that otherwise would exist in the open market in the absence of those transactions. The underwriters and dealers are not required to engage in passive market making and may end passive market making activities at any time.

Electronic Distribution

In connection with the offering, certain of the underwriters or securities dealers may distribute prospectuses by electronic means, such as e-mail.

Conflicts of Interest

An affiliate of BofA Securities, Inc., an underwriter in this offering, is a joint lead arranger and joint bookrunner and lender under our senior secured credit facility, and, therefore may receive at least 5% of the net proceeds of this offering, not including underwriting compensation. As a result, BofA Securities, Inc. is deemed to have a "conflict of interest" within the meaning of FINRA Rule 5121.

Other Relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Selling Restrictions

European Economic Area and the United Kingdom

In relation to each Member State of the European Economic Area and the United Kingdom (each a "Relevant State"), no shares have been offered or will be offered pursuant to the offering to the public in that Relevant State prior to the publication of a prospectus in relation to the shares which has been approved by the competent authority in that Relevant State or, where appropriate, approved in another Relevant State and notified to the competent authority in that Relevant State, all in accordance with the Prospectus Regulation, except that offers of shares may be made to the public in that Relevant State at any time under the following exemptions under the Prospectus Regulation:

- (a) to any legal entity which is a qualified investor as defined under the Prospectus Regulation;

(b) to fewer than 150 natural or legal persons (other than qualified investors as defined under the Prospectus Regulation), subject to obtaining the prior consent of the representatives for any such offer; or

(c) in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of shares shall require the Company or any representative to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

Each person in a Relevant State who initially acquires any shares or to whom any offer is made will be deemed to have represented, acknowledged and agreed to and with the Company and the representatives that it is a qualified investor within the meaning of the Prospectus Regulation.

In the case of any shares being offered to a financial intermediary as that term is used in Article 5(1) of the Prospectus Regulation, each such financial intermediary will be deemed to have represented, acknowledged and agreed that the Shares acquired by it in the offer have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer to the public other than their offer or resale in a Relevant State to qualified investors, in circumstances in which the prior consent of the representatives has been obtained to each such proposed offer or resale.

The Company, the underwriters and their affiliates will rely upon the truth and accuracy of the foregoing representations, acknowledgements and agreements.

For the purposes of this provision, the expression an “offer to the public” in relation to any shares in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and any shares to be offered so as to enable an investor to decide to purchase or subscribe for any Shares, and the expression “Prospectus Regulation” means Regulation (EU) 2017/1129.

References to the Prospectus Regulation includes, in relation to the UK, the Prospectus Regulation as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018.

The above selling restriction is in addition to any other selling restrictions set out below.

PRINCIPAL STOCKHOLDERS

The following table sets forth information regarding beneficial ownership of our Class A common stock and Class B common stock prior to and immediately following the consummation of this offering, for:

- each person, or group of affiliated persons, who is known by us to own more than 5% of our Class A common stock and Class B common stock;
- each of the directors and named executive officers individually; and
- all directors and executive officers as a group.

Each Common Unit (other than Common Units we hold) is redeemable from time to time at each holder's option (subject in certain circumstances to time-based and service-based vesting requirements and limitations) for, at our election, newly-issued shares of our Class A common stock on a one-for-one basis or a cash payment equal to a volume weighted average market price of one share of Class A common stock for each Common Unit redeemed, in each case, in accordance with the terms of the i3 Verticals LLC Agreement; provided that, at our election, we may effect a direct exchange by i3 Verticals, Inc. of such Class A common stock or such cash, as applicable, for such Common Units. The Continuing Equity Owners may exercise such redemption right for as long as their Common Units remain outstanding. As a result, the number of shares of Class B common stock listed in the table below correlates to the number of Common Units of i3 Verticals, LLC each such Continuing Equity Owner owns.

The number of shares beneficially owned by each stockholder as described in this prospectus is determined under rules issued by the SEC. Under these rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power. In computing the number of shares beneficially owned by an individual or entity and the percentage ownership of that person, shares of common stock subject to options, or other rights, including the redemption right described above with respect to each Common Unit, held by such person that are currently exercisable or will become exercisable within 60 days of September 4, 2020, are considered outstanding, although shares of common stock subject to options are not considered outstanding for purposes of computing the percentage ownership of any other person.

The percentage of shares beneficially owned prior to the consummation of this offering is computed based on 15,113,089 shares of our Class A common stock outstanding and 12,388,121 shares of our Class B common stock outstanding as of September 4, 2020. The number of shares beneficially owned after giving effect to this offering assumes the exercise of the underwriters' option to purchase additional shares in full. Unless otherwise indicated, the address of all listed stockholders is 40 Burton Hills Blvd., Suite 415, Nashville, TN 37215.

Each of the stockholders listed has sole voting and investment power with respect to the shares beneficially owned by the stockholder unless noted otherwise, subject to community property laws where applicable.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES TO NON-U.S. HOLDERS

The following is a discussion of the material U.S. federal income and estate tax consequences of the ownership and disposition of our Class A common stock by a beneficial owner that is a “non-U.S. holder.” For purposes of this discussion, a “non-U.S. holder” is a person or entity that, for U.S. federal income tax purposes, is:

- a non-resident alien individual, other than certain former citizens and residents of the United States subject to tax as expatriates;
- a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of a jurisdiction other than the United States or any state or political subdivision thereof or the District of Columbia;
- a trust if it (1) is not subject to the primary supervision of a court within the United States, or no United States persons have the authority to control all substantial decisions of the trust, and (2) does not have a valid election in effect under applicable United States Treasury regulations to be treated as a United States person; or
- an estate, other than an estate the income of which is subject to U.S. federal income taxation regardless of its source.

This discussion is based on the Internal Revenue Code of 1986, as amended (the “Code”), and administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, changes to any of which subsequent to the date of this prospectus may affect the tax consequences described herein. This discussion does not address all aspects of U.S. federal income and estate taxation that may be relevant to non-U.S. holders in light of their particular circumstances (including a non-U.S. holder who is a United States expatriate, foreign pension fund, “controlled foreign corporation,” “passive foreign investment company” or a partnership or other pass-through entity for U.S. federal income tax purposes or who does not hold Class A common stock as a capital asset within the meaning of Section 1221 of the Code) and it does not address the Medicare contribution tax on net investment income pursuant to the Health Care and Education Reconciliation Act of 2010 or any tax consequences arising under the laws of any state, local or foreign jurisdiction.

If a partnership holds our Class A common stock, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partnership holding Class A common stock, or a partner in such a partnership, you should consult your tax advisors.

Prospective holders are urged to consult their tax advisors with respect to the particular tax consequences to them of owning and disposing of the Class A common stock, including the consequences under the laws of any state, local or foreign jurisdiction.

As discussed under “Dividend Policy,” we do not currently expect to pay dividends. If we do make any distributions with respect to shares of Class A common stock, such distributions generally will constitute dividends for U.S. federal income tax purposes to the extent paid out of our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. If a distribution exceeds our current and accumulated earnings and profits as determined under U.S. federal income tax principles, the excess will be treated first as a tax-free return of capital, causing a reduction in the non-U.S. holder’s adjusted tax basis in the Class A common stock, and to the extent the amount of the distribution exceeds a non-U.S. holder’s adjusted tax basis in the Class A common stock, the excess will be treated as gain from the disposition of our common stock, subject to the tax treatment described below in “Gain on Disposition of the Class A Common Stock.” Dividends paid to a non-U.S. holder of the Class A common stock generally will be subject to withholding of U.S. federal income tax at a 30% rate or a reduced rate specified by an applicable income tax treaty. In order to obtain a reduced rate of withholding, a non-U.S. holder will be required to provide to the applicable withholding agent an Internal Revenue Service Form W-8BEN or W-8BEN-E (or other applicable form), certifying under penalty of perjury that such holder is not a U.S. person as defined under the Code and is eligible for treaty benefits. Additional certification requirements apply if a non-U.S. holder holds the Class A common stock through a foreign partnership or a foreign intermediary.

The withholding discussed above does not apply to dividends paid to a non-U.S. holder who provides a Form W-8ECI, certifying that the dividends are effectively connected with the non-U.S. holder’s conduct of a trade or business

within the United States (and, if required by an applicable income tax treaty, are attributable to a United States permanent establishment). Instead, the effectively connected dividends will be subject to regular U.S. federal income tax as if the non-U.S. holder were a United States person (as defined in the Code) unless an applicable income tax treaty provides otherwise. A non-U.S. corporation receiving effectively connected dividends may also be subject to an additional “branch profits tax” imposed at a rate of 30% (or a lower treaty rate) with respect to its effectively-connected earnings and profits attributable to such dividends and other income.

Non-U.S. holders may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for a refund with the Internal Revenue Service. Non-U.S. holders should consult their tax advisors regarding their entitlement to benefits under an appropriate income tax treaty and the specific manner of claiming the benefits of the treaty.

Gain on Disposition of the Class A Common Stock

Subject to the discussion of backup withholding and FATCA below, a non-U.S. holder generally will not be subject to U.S. federal income tax on gain realized on a sale or other disposition of the Class A common stock unless:

- the gain is effectively connected with a trade or business of the non-U.S. holder in the United States, (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment of the non-U.S. holder);
- the non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met; or
- we are or have been a U.S. real property holding corporation, as defined in the Code, and the non-U.S. holder held, directly or indirectly, more than 5% of our common stock at any time within the shorter of the five-year period ending on the date of the disposition and the non-U.S. holder’s holding period, and certain other conditions are met.

Generally, a corporation is a “United States real property holding corporation” if the fair market value of its U.S. real property interests equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests and its other assets used or held for use in a trade or business (all as determined for U.S. federal income tax purposes). We believe that we are not, and we do not anticipate becoming, a U.S. real property holding corporation.

Gain that is effectively connected with a U.S. trade or business will be subject to regular U.S. income tax as if the non-U.S. holder were a U.S. person, subject to an applicable treaty providing otherwise. A non-U.S. corporation with effectively connected gains may also be subject to an additional “branch profits tax” imposed at a rate of 30% (or a lower treaty rate) with respect to its effectively-connected earnings and profits attributable to such gains and other income.

Information Reporting and Backup Withholding

Information returns will be filed with the Internal Revenue Service in connection with payments of dividends. This information also may be made available under a specific treaty or agreement with the tax authorities in the country in which the non-U.S. holder resides or is established. A non-U.S. holder may have to comply with certification procedures to establish that it is not a United States person in order to avoid information reporting and backup withholding with respect to payments of dividends and the proceeds from a sale or other disposition of the Class A common stock. The amount of any backup withholding from a payment to a non-U.S. holder will be allowed as a credit against such holder’s U.S. federal income tax liability and may entitle such holder to a refund, provided that the required information is timely furnished to the Internal Revenue Service.

FATCA

Pursuant to Code provisions commonly referred to as “FATCA,” additional withholding is generally imposed at a rate of 30% on payments to certain foreign entities of dividends on U.S. common stock, unless various U.S. information reporting and due diligence requirements (generally relating to ownership by U.S. persons of interests in or accounts with those entities) have been satisfied. Under regulations and related guidance issued by the Treasury Department, this withholding will apply to payments of dividends on the Class A common stock. Any intergovernmental agreement between the United States and an applicable foreign country, or future Treasury Regulations, may modify the FATCA reporting rules and withholding obligations.

Non-U.S. holders should consult their tax advisors regarding the possible implications of FATCA on their investment in the Class A common stock.

Federal Estate Tax

Individual non-U.S. holders and entities the property of which is potentially includible in such an individual's gross estate for U.S. federal estate tax purposes (for example, a trust funded by such an individual and with respect to which the individual has retained certain interests or powers) should note that, absent an applicable treaty benefit, the Class A common stock will be treated as U.S. situs property subject to U.S. federal estate tax.

LEGAL MATTERS

The validity of the shares of Class A common stock offered hereby will be passed upon for us by Bass, Berry & Sims PLC, Nashville, Tennessee. Davis Polk & Wardwell LLP, New York, New York, has acted as counsel for the underwriters.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the SEC using a “shelf” registration process. By using a shelf registration statement, we may sell securities from time to time and in one or more offerings up to a total dollar amount of \$250,000,000 and the selling securityholders to be named in a supplement to this prospectus may, from time to time, sell up to 13,145,534 shares in the aggregate of Class A common stock, including the possible resale, from time to time, of shares of our Class A common stock issuable upon the exchange of an equivalent number of Common Units (and the cancellation of such selling securityholder’s shares of our Class B common stock, par value \$0.0001 per share (“Class B common stock”), on a one-for-one basis with the number of Common Units so exchanged) in each case from time to time in one or more offerings. Each time that we or the selling securityholders offer and sell securities, we or the selling securityholders will provide a prospectus supplement to this prospectus that contains specific information about the securities being offered and sold and the specific terms of that offering. We may also authorize one or more free writing prospectuses to be provided to you that may contain material information relating to these offerings. The prospectus supplement or free writing prospectus may also add, update or change information contained in this prospectus with respect to that offering. If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement or free writing prospectus, you should rely on the prospectus supplement or free writing prospectus, as applicable. Before purchasing any securities, you should carefully read both this prospectus and the applicable prospectus supplement (and any applicable free writing prospectuses), together with the additional information described under the headings “Where You Can Find More Information” and “Information Incorporated by Reference.”

Neither we, nor the selling securityholders, have authorized anyone to provide you with any information or to make any representations other than those contained in this prospectus, any applicable prospectus supplement or any free writing prospectuses prepared by or on behalf of us or to which we have referred you. We and the selling securityholders take no responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. You should assume that the information appearing in this prospectus and the applicable prospectus supplement to this prospectus is accurate only as of the date on its respective cover, that the information appearing in any applicable free writing prospectus is accurate only as of the date of that free writing prospectus, and that any information incorporated by reference is accurate only as of the date of the document incorporated by reference, unless we indicate otherwise. Our business, financial condition, results of operations and prospects may have changed since those dates. This prospectus incorporates by reference, and any prospectus supplement or free writing prospectus may contain and incorporate by reference, information concerning our industry, competitive position and the markets in which we operate. Unless otherwise indicated, such information is based on information from independent industry and research organizations, other third-party sources and management estimates. Management estimates are derived from publicly available information released by independent industry analysts and other third-party sources, as well as data from our internal research, and are based on assumptions we made upon reviewing such data, and our experience in, and knowledge of, such industry and markets, which we believe to be reasonable. In addition, projections, assumptions and estimates of the future performance of the industry in which we operate and our future performance are necessarily subject to uncertainty and risk due to a variety of factors, including those under the heading “Risk Factors” contained in this prospectus, the applicable prospectus supplement and any applicable free writing prospectus, and under similar headings in other documents that are incorporated by reference into this prospectus. These and other factors could cause results to differ materially from those expressed in the estimates made by the independent parties and by us. Accordingly, investors should not place undue reliance on this information.

THE COMPANY

Recognizing the convergence of software and payments, i3 Verticals was founded in 2012 with the purpose of delivering seamless integrated payment and software solutions to small- and medium-sized businesses (“SMBs”) and organizations in strategic vertical markets. Since commencing operations, we have built a broad suite of payment and software solutions that address the specific needs of SMBs and other organizations in our strategic vertical markets, and we believe our suite of solutions differentiates us from our competition. Our primary strategic vertical markets include education, public sector, non-profit, property management and healthcare. In addition to our strategic vertical markets, we also have a growing presence in the business-to-business (“B2B”) payments market. Our executive management team has a proven track record of successfully building publicly-traded payments companies, generating growth both organically and through acquisitions.

We distribute our payment technology and proprietary software solutions to our clients through our direct sales force as well as through a growing network of distribution partners, including independent software vendors (“ISVs”), value-added resellers, independent sales organizations and other referral partners, including financial institutions. Our ISV partners represent an important distribution channel and enable us to accelerate our market penetration through a cost effective one-to-many sales model that tends to result in high retention and faster growth.

Our integrated payment and software solutions feature embedded payment capabilities tailored to the specific needs of our clients in strategic vertical markets. Our configurable payment technology solutions are designed to integrate seamlessly into clients’ third-party business management systems, provide security that complies with Payment Card Industry Data Security Standards and include extensive reporting tools. In addition to integrations with third-party software, we deliver our own proprietary software solutions that are intended to increase the productivity of our clients by streamlining their business processes, particularly in the education, public sector and property management markets. Through our proprietary gateway, we offer our clients a single point of access for a broad suite of payment and software solutions, enabling omni-channel point of sale, spanning brick and mortar and electronic and mobile commerce, including app-based payments.

i3 Verticals, Inc. was incorporated as a Delaware corporation on January 17, 2018, for the purpose of completing an initial public offering (“IPO”) of its Class A common stock and other related transactions in order to carry on the business of i3 Verticals, LLC and its subsidiaries. i3 Verticals, LLC (formerly known as Charge Payment, LLC) was organized as a Delaware limited liability company on September 7, 2012. Our corporate headquarters are located at 40 Burton Hills Blvd., Suite 415, Nashville, TN 37215.

RISK FACTORS

An investment in any securities offered pursuant to this prospectus and the applicable prospectus supplement involves substantial risks. You should carefully consider the risk factors incorporated by reference herein from our most recent Annual Report on Form 10-K, our subsequent Quarterly Reports on Form 10-Q, the section titled “Risk Factors” of our Registration Statement on Form S-1 (File No. 333-231904) and the other information contained in this prospectus, as updated, amended or superseded by our subsequent filings filed with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the risk factors and other information contained in any accompanying prospectus supplement before acquiring any of our securities. See “Where You Can Find More Information” and “Information Incorporated by Reference.” The occurrence of any of these risks could materially and adversely affect our business, prospects, financial condition, results of operations and cash flow and might cause you to lose all or part of your investment in the offered securities. Much of the business information, as well as the financial and operational data contained in our risk factors, is updated in our periodic reports filed with the SEC pursuant to the Exchange Act, which are also incorporated by reference into this prospectus. Additional risks and uncertainties not presently known to us, or that we currently deem immaterial, may also adversely affect our business. In addition, past financial performance may not be a reliable indicator of future performance and historical trends should not be used to anticipate results or trends in future periods. Please also refer to the section entitled “Forward-Looking Statements” above.

USE OF PROCEEDS

Unless we specify otherwise in an accompanying prospectus supplement, we intend to use the net proceeds from the issuance or sale of our securities to provide additional funds for general corporate purposes, which may include, without limitation, the repayment of outstanding indebtedness, acquisitions, capital expenditures and working capital. Any specific allocation of the net proceeds of an offering of securities to a specific purpose will be determined at the time of

such offering and will be described in the accompanying prospectus supplement to this prospectus. We will not receive any of the proceeds from the sale of Class A common stock being offered by any of the selling securityholders.

Class A Common Stock

Voting rights. The holders of Class A common stock are entitled to one vote per share on all matters to be voted upon by the stockholders. The holders of our Class A common stock do not have cumulative voting rights in the election of directors. Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all stockholders present in person or represented by proxy, voting together as a single class.

Dividend rights. Subject to preferences that may be applicable to any outstanding preferred stock, the holders of shares of Class A common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by the board of directors ("Board of Directors") out of funds legally available therefor. However, we do not intend to pay dividends for the foreseeable future. Holders of shares of Class B common stock are not entitled to receive dividends in respect of such shares.

Rights upon liquidation. In the event of any voluntary or involuntary liquidation, dissolution or winding up of our affairs, the holders of Class A common stock are entitled to share ratably in all assets remaining after payment of our debts and other liabilities, subject to prior distribution rights of preferred stock, then outstanding, if any.

Other rights. The holders of our Class A common stock have no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions applicable to the Class A common stock. The rights, preferences and privileges of holders of our Class A common stock are subject to those of the holders of any shares of our preferred stock we may issue in the future.

Class B Common Stock

Shares of Class B common stock will be issued in the future only to the extent necessary to maintain a one-to-one ratio between the number of Common Units of i3 Verticals, LLC held by the Existing Owners (as defined in our amended and restated certificate of incorporation) and the number of shares of Class B common stock issued to the Existing Owners. Shares of Class B common stock are transferable only together with an equal number of Common Units of i3 Verticals, LLC. Only permitted transferees of Common Units held by the Existing Owners are permitted transferees of Class B common stock.

Voting rights. The holders of our Class B common stock are entitled to one vote for each share held of record on all matters presented to our stockholders generally. The holders of shares of our Class B common stock do not have cumulative voting rights in the election of directors. Holders of shares of our Class B common stock vote together with holders of our Class A common stock as a single class on all matters presented to our stockholders for their vote or approval, except for certain amendments to our amended and restated certificate of incorporation described below or as otherwise required by applicable law or the amended and restated certificate of incorporation. Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all stockholders present in person or represented by proxy, voting together as a single class.

Dividend rights. The holders of our Class B common stock will not participate in any dividends declared by our Board of Directors.

Other rights. The holders of shares of our Class B common stock do not have preemptive, subscription, redemption or conversion rights. There are no redemption or sinking fund provisions applicable to the Class B common stock. Any amendment of our amended and restated certificate of incorporation that gives holders of our Class B common stock (1) any rights to receive dividends or any other kind of distribution, (2) any right to convert into or be exchanged for Class A common stock or (3) any other economic rights must be approved by the majority of the voting power of all of our outstanding voting stock.

Preferred Stock

Our Board of Directors has the authority to direct us to issue shares of preferred stock in one or more series without stockholder approval. Our Board of Directors has the discretion to determine the rights, preferences, privileges and restrictions, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences, of each series of preferred stock.

The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of i3 Verticals, Inc. without further action by the stockholders. Additionally, the issuance of preferred stock may adversely affect the holders of our Class A common stock by restricting dividends on the Class A common stock, diluting the voting power of the Class A common stock or subordinating the liquidation rights of the Class A common stock. As a result of these or other factors, the issuance of preferred stock could have an adverse impact on the market price of our Class A common stock.

Anti-Takeover Effects of Our Amended and Restated Certificate of Incorporation, Amended and Restated Bylaws and Certain Provisions of Delaware Law

Our amended and restated certificate of incorporation, amended and restated bylaws and the Delaware General Corporation Law (“DGCL”) contain provisions, which are summarized in the following paragraphs, that are intended to enhance the likelihood of continuity and stability in the composition of our Board of Directors and to discourage certain types of transactions that may involve an actual or threatened acquisition of our company. These provisions are intended to avoid costly takeover battles, reduce our vulnerability to a hostile change of control or other unsolicited acquisition proposal, and enhance the ability of our Board of Directors to maximize stockholder value in connection with any unsolicited offer to acquire us. However, these provisions may have the effect of delaying, deterring or preventing a merger or acquisition of our company by means of a tender offer, a proxy contest or other takeover attempt that a stockholder might consider in its best interest, including attempts that might result in a premium over the prevailing market price for the shares of Class A common stock held by stockholders. Our amended and restated certificate of incorporation provides that any action required or permitted to be taken by our stockholders must be effected at a duly called annual or special meeting of such stockholders and may not be effected by any consent in writing by such stockholders.

Authorized but Unissued Capital Stock

Delaware law does not require stockholder approval for any issuance of authorized shares. However, the listing requirements of Nasdaq, which would apply if and so long as our Class A common stock remains listed on Nasdaq, require stockholder approval of certain issuances equal to or exceeding 20% of the then outstanding voting power or then outstanding number of shares of Class A common stock. Additional shares that may be used in the future may be used for a variety of corporate purposes, including future public offerings, to raise additional capital or to facilitate acquisitions.

One of the effects of the existence of unissued and unreserved Class A common stock may be to enable our Board of Directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of our company by means of a merger, tender offer, proxy contest or otherwise and thereby protect the continuity of our management and possibly deprive our stockholders of opportunities to sell their shares of Class A common stock at prices higher than prevailing market prices.

Election of Directors and Vacancies

Our amended and restated certificate of incorporation provides that our Board of Directors will consist of between three and 15 directors. The exact number of directors is fixed from time to time by our Board of Directors. Each director is elected for a one-year term. There is no limit on the number of terms a director may serve on our Board of Directors.

In addition, our amended and restated certificate of incorporation provides that any vacancy on the Board of Directors, including a vacancy that results from an increase in the number of directors or a vacancy that results from the removal of a director with cause, may be filled only by a majority of the directors then in office.

Business Combinations

We have opted out of Section 203 of the DGCL; however, our amended and restated certificate of incorporation contains similar provisions providing that we may not engage in certain “business combinations” with any “interested stockholder” for a three-year period following the time that the stockholder became an interested stockholder, unless:

- prior to such time, our Board of Directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the votes of our voting stock outstanding at the time the transaction commenced, excluding certain shares; or
- at or subsequent to that time, the business combination is approved by our Board of Directors and by the affirmative vote of holders of at least 66 2/3% of the votes of our outstanding voting stock that is not owned by the interested stockholder.

Generally, a “business combination” includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an “interested stockholder” is a person who, together with that person’s affiliates and associates, owns, or within the previous three years owned, 15% or more of the votes of our outstanding voting stock. For purposes of this provision, “voting stock” means any class or series of stock entitled to vote generally in the election of directors.

Under certain circumstances, this provision makes it more difficult for a person who would be an “interested stockholder” to effect various business combinations with our company for a three-year period. This provision may encourage companies interested in acquiring our company to negotiate in advance with our Board of Directors because the stockholder approval requirement would be avoided if our Board of Directors approves either the business combination or the transaction that results in the stockholder becoming an interested stockholder. These provisions also may have the effect of preventing changes in our Board of Directors and may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

No Cumulative Voting

Under Delaware law, the right to vote cumulatively does not exist unless the amended and restated certificate of incorporation specifically authorizes cumulative voting. Our amended and restated certificate of incorporation does not authorize cumulative voting.

Amendment of Certificate of Incorporation and Bylaws

The DGCL provides generally that the affirmative vote of a majority of the shares entitled to vote on any matter is required to amend a corporation’s certificate of incorporation or bylaws, unless a corporation’s certificate of incorporation or bylaws, as the case may be, requires a greater percentage. Upon consummation of this offering, our bylaws may be amended or repealed by a majority vote of our board of directors or by the affirmative vote of a majority of the votes which all our stockholders would be eligible to cast in an election of directors.

Special Stockholder Meetings

Our amended and restated certificate of incorporation provides that special meetings of our stockholders may be called at any time only by or at the direction of the chairman of our Board of Directors, our chief executive officer, or by our Board of Directors, and not by our stockholders. Our amended and restated bylaws prohibit the conduct of any business at a special meeting other than as specified in the notice for such meeting.

Requirements for Advance Notification of Director Nominations and Stockholder Proposals

Our amended and restated bylaws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to our Board of

Directors. Stockholders at an annual meeting are only able to consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our Board of Directors or by a stockholder who is a stockholder of record who is entitled to vote at the meeting, or who is a stockholder that holds such stock through a nominee or "street name" holder of record and can demonstrate to us that such indirect ownership of such stock and such stockholder's entitlement to vote such stock on such business, and who has given our secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. To be timely, such notice must be delivered to our secretary:

- in the case of an annual meeting of stockholders, not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting; *provided*, however, that in the event the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to the date of such annual meeting and not later than the close of business on the later of the 90th day prior to the date of such annual meeting or, if the first public announcement of the date of such annual meeting is less than 100 days prior to the date of such annual meeting, the 10th day following the day on which we first make a public announcement of the date of such meeting; and
- in the case of a special meeting of stockholders called for the purpose of electing directors, not earlier than the close of business on the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the date on which notice of the date of the special meeting was mailed or public disclosure of the date of the special meeting was made, whichever first occurs.

Conflicts of Interest

Delaware law permits corporations to adopt provisions renouncing any interest or expectancy in certain opportunities that are presented to the corporation or its officers, directors or stockholders. Our amended and restated certificate of incorporation, to the maximum extent permitted from time to time by Delaware law, renounces any interest, expectancy that we have in, or right to be offered an opportunity to participate in, specified business opportunities that are from time to time presented to certain of our officers, directors or stockholders or their respective affiliates, other than those officers, directors, stockholders or affiliates who are our, or our subsidiaries', employees. Our amended and restated certificate of incorporation provides that, to the fullest extent permitted by law, any director or stockholder who is not employed by us (including any non-employee director who serves as one of our officers in both his director and officer capacities) or his or her affiliates do not have any duty to refrain from (1) engaging in a corporate opportunity in the same or similar lines of business in which we or our affiliates now engage or propose to engage or (2) otherwise competing with us or our affiliates. In addition, to the fullest extent permitted by law, if any director or stockholder, other than a director or stockholder who is not employed by us or our affiliates acquires knowledge of a potential transaction or other business opportunity which may be a corporate opportunity for itself or himself or its or his affiliates or for us or our affiliates, such person has no duty to communicate or offer such transaction or business opportunity to us or any of our affiliates and they may take any such opportunity for themselves or offer it to another person or entity, unless such opportunity was expressly offered to them solely in their capacity as a director, executive officer or employee of us or our affiliates. To the fullest extent permitted by Delaware law, no potential transaction or business opportunity may be deemed to be a corporate opportunity of the corporation or its subsidiaries unless (1) we or our subsidiaries would be permitted to undertake such transaction or opportunity in accordance with the amended and restated certificate of incorporation, (2) we or our subsidiaries at such time have sufficient financial resources to undertake such transaction or opportunity, (3) we have an interest or expectancy in such transaction or opportunity and (4) such transaction or opportunity would be in the same or similar line of our or our subsidiaries' business in which we or our subsidiaries are engaged or a line of business that is reasonably related to, or a reasonable extension of, such line of business. Our amended and restated certificate of incorporation does not renounce our interest in any business opportunity that is expressly offered to an employee director or employee in his or her capacity as a director or employee of i3 Verticals, Inc. To the fullest extent permitted by law, no business opportunity will be deemed to be a potential corporate opportunity for us unless we would be permitted to undertake the opportunity under our amended and restated certificate, we have sufficient financial resources to undertake the opportunity and the opportunity would be in line with our business.

Limitation of Liability and Indemnification of Directors and Officers

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties, subject to certain exceptions. Our amended and restated certificate of incorporation includes a provision that eliminates the personal liability of directors for monetary

damages for any breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL. The effect of these provisions is to eliminate the rights of us and our stockholders, through stockholders' derivative suits on our behalf, to recover monetary damages from a director for breach of fiduciary duty as a director, including breaches resulting from grossly negligent behavior. However, exculpation does not apply to any director if the director has acted in bad faith, knowingly or intentionally violated the law, authorized illegal dividends or redemptions or derived an improper benefit from his or her actions as a director.

Our amended and restated bylaws provide that we must indemnify and advance expenses to our directors and officers to the fullest extent authorized by the DGCL. We carry directors' and officers' liability insurance providing indemnification for our directors, officers and certain employees for some liabilities. We believe that these indemnification and advancement provisions and insurance will be useful to attract and retain qualified directors and officers.

The limitation of liability, indemnification and advancement provisions included in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against directors for breaches of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, your investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

We have entered into indemnification agreements with each of our directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under the DGCL against expenses, losses and liabilities that may arise in connection with actual or threatened proceedings in which they are involved by reason of their service to us and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Dissenters' Rights of Appraisal and Payment

Under the DGCL, with certain exceptions, our stockholders have appraisal rights in connection with a merger or consolidation of us. Pursuant to the DGCL, stockholders who properly request and perfect appraisal rights in connection with such merger or consolidation have the right to receive payment of the fair value of their shares as determined by the Delaware Court of Chancery.

Stockholders' Derivative Actions

Under the DGCL, any of our stockholders may bring an action in our name to procure a judgment in our favor, also known as a derivative action, provided that the stockholder bringing the action is a holder of our shares at the time of the transaction to which the action relates or such stockholder's stock thereafter devolved by operation of law.

Trading Symbol and Market

Our Class A common stock is listed on the Nasdaq Global Select Market under the symbol "IIIV."

Transfer Agent and Registrar

The transfer agent and registrar for the Class A common stock is ComputerShare Trust Company, N.A. Its address is 250 Royall Street, Canton, Massachusetts 02021, and its telephone number is (781) 575-3951.

DESCRIPTION OF WARRANTS

The following is a general description of the terms of the warrants we may issue from time to time. Particular terms of any warrants we offer will be described in the prospectus supplement relating to such warrants, as well as any warrant agreement that contains the terms of the warrants. We urge you to read the applicable prospectus supplements related to the warrants that we may sell under this prospectus, as well as the complete warrant agreements that will contain the terms of any warrants.

We may issue warrants to purchase shares of our Class A common stock or preferred stock. Such warrants may be issued in one or more series, independently or together with shares of Class A common stock or preferred stock or other equity or debt securities and may be attached or separate from such securities. The terms of any warrants offered under a prospectus supplement may differ from the terms described below. We may issue warrants directly or under a separate warrant agreement to be entered into between us and a warrant agent. We will name any warrant agent in the applicable prospectus supplement. Any warrant agent will act solely as our agent in connection with the warrants of a particular series and will not assume any obligation or relationship of agency or trust for or with holders or beneficial owners of warrants.

The applicable prospectus supplement and the applicable warrant agreement will describe the particular terms of any series of warrants we may issue, including the following:

- the title of such warrants;
- the aggregate number of such warrants;
- the price or prices at which such warrants will be issued;
- if applicable, the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;
- the number of shares of Class A common stock or preferred stock purchasable upon exercise of one warrant and the price at which these shares may be purchased upon such exercise;
- the date on which the right to exercise such warrants shall commence and the date on which such right will expire;
- whether such warrants will be issued in registered form or bearer form;
- if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;
- if applicable, the date on and after which such warrants and the related securities will be separately transferable;
- information with respect to book-entry procedures, if any;
- the terms of the securities issuable upon exercise of the warrants;
- the anti-dilution provisions of the warrants, if any;
- any redemption or call provisions;
- if applicable, a discussion of certain federal United States income tax considerations; and
- any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

We and the warrant agent may amend or supplement the warrant agreement for a series of warrants without the consent of the holders of the warrants issued thereunder to effect changes that are not inconsistent with the provisions of the warrants and that do not materially and adversely affect the interests of the holders of the warrants.

Prior to exercising their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon such exercise, including the right to receive distributions or dividends, if any, or payments upon our liquidation, dissolution or winding up or to exercise any voting rights.

DESCRIPTION OF UNITS

The following is a general description of the terms of the units we may offer from time to time. Particular terms of the units will be described in the applicable unit agreements and the applicable prospectus supplement for the units. We urge you to read the applicable prospectus supplements related to the units that we may sell under this prospectus, as well as the complete unit agreements that will contain the terms of any units.

We may issue units comprised of Class A common stock, preferred stock, warrants or any combination thereof. Units may be issued in one or more series, independently or together with Class A common stock, preferred stock or warrants, and the units may be attached to or separate from such securities. We may issue units directly or under a unit agreement to be entered into between us and a unit agent. We will name any unit agent in the applicable prospectus supplement. Any unit agent will act solely as our agent in connection with the units of a particular series and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of units.

Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time, or at any time before a specified date. We may issue units in such amounts and in such numerous distinct series as we determine.

If we offer any units, certain terms of that series of units will be described in the applicable prospectus supplement, including, without limitation, the following, as applicable:

- the title of the series of units;
- identification and description of the separate constituent securities comprising the units;
- the price or prices at which the units will be issued;
- the date, if any, on and after which the constituent securities comprising the units will be separately transferable;
- a discussion of certain United States federal income tax considerations applicable to the units; and
- any other terms of the units and their constituent securities.

DESCRIPTION OF RIGHTS

The following is a general description of the rights we may offer from time to time. We may issue rights to our stockholders to purchase shares of our Class A common stock and/or any of the other securities offered hereby. Each series of rights will be issued under a separate rights agreement to be entered into between us and a bank or trust company, as rights agent. When we issue rights, we will provide the specific terms of the rights and the applicable rights agreement in a prospectus supplement. Because the terms of any rights we offer under a prospectus supplement may differ from the terms we describe below, you should rely solely on information in the applicable prospectus supplement if that summary is different from the summary in this prospectus. We will incorporate by reference into the registration statement of which this prospectus is a part the form of rights agreement that describes the terms of the series of rights we are offering before the issuance of the related series of rights.

The applicable prospectus supplement relating to any rights will describe the terms of the offered rights, including, where applicable, the following:

- the date for determining the persons entitled to participate in the rights distribution;
- the exercise price for the rights;
- the aggregate number or amount of underlying securities purchasable upon exercise of the rights;
- the number of rights issued to each stockholder and the number of rights outstanding, if any;
- the extent to which the rights are transferable;
- the date on which the right to exercise the rights will commence and the date on which the right will expire;
- the extent to which the rights include an over-subscription privilege with respect to unsubscribed securities;
- anti-dilution provisions of the rights, if any; and
- any other terms of the rights, including terms, procedures and limitations relating to the distribution, exchange and exercise of the rights.

Holders may exercise rights as described in the applicable prospectus supplement. Upon receipt of payment and the rights certificate properly completed and duly executed at the corporate trust office of the rights agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the securities purchasable upon exercise of the rights. If less than all of the rights issued in any rights offering are exercised, we may offer any unsubscribed securities directly to persons other than stockholders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby underwriting arrangements, as described in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We or the selling securityholders may sell the securities from time to time pursuant to underwritten public offerings, negotiated transactions, block trades or a combination of these methods or through underwriters or dealers, through agents and/or directly to one or more purchasers. The securities may be distributed from time to time in one or more transactions

- at fixed prices which may be changed;
- at market prices prevailing at the time of the sale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

Each time that we or any of the selling securityholders sell securities covered by this prospectus, we or the selling securityholders will provide a prospectus supplement or supplements that will describe the method of distribution and set forth the terms and conditions of the offering of such securities, including the offering price of the securities and the proceeds to us or the selling securityholders, if applicable. As used in this prospectus, "selling securityholders" includes donees, pledgees, transferees or other successors-in-interest selling securities received after the date of this prospectus from a selling securityholder as a gift, pledge, partnership distribution or other non-sale related transfer.

Offers to purchase the securities being offered by this prospectus may be solicited directly. Agents may also be designated to solicit offers to purchase the securities from time to time. Any agent involved in the offer or sale of our securities will be identified in a prospectus supplement.

If a dealer is utilized in the sale of the securities being offered by this prospectus, the securities will be sold to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale.

If an underwriter is utilized in the sale of the securities being offered by this prospectus, an underwriting agreement will be executed with the underwriter at the time of sale and the name of any underwriter will be provided in the prospectus supplement that the underwriter will use to make resales of the securities to the public. In connection with the sale of the securities, we, or the selling securityholders, or the purchasers of securities for whom the underwriter may act as agent, may compensate the underwriter in the form of underwriting discounts or commissions. The underwriter may sell the securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for which they may act as agent. Unless otherwise indicated in a prospectus supplement, an agent will be acting on a best efforts basis and a dealer will purchase securities as a principal, and may then resell the securities at varying prices to be determined by the dealer.

Any compensation paid to underwriters, dealers or agents in connection with the offering of the securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers will be provided in the applicable prospectus supplement. Underwriters, dealers and agents participating in the distribution of the securities may be deemed to be underwriters within the meaning of the Securities Act of 1933, as amended, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions. We may enter into agreements to indemnify underwriters, dealers and agents against civil liabilities, including liabilities under the Securities Act, or to contribute to payments they may be required to make in respect thereof and to reimburse those persons for certain expenses.

Any Class A common stock will be listed on the Nasdaq Global Select Market, but any other securities may or may not be listed on a national securities exchange. To facilitate the offering of securities, certain persons participating in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of the securities. This may include over-allotments or short sales of the securities, which involve the sale by persons participating in the offering of more securities than were sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option, if any. In addition, these persons may stabilize or maintain the price of the securities by bidding for or purchasing securities in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if securities sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

If indicated in the applicable prospectus supplement, underwriters or other persons acting as agents may be authorized to solicit offers by institutions or other suitable purchasers to purchase the securities at the public offering price set forth in the prospectus supplement, pursuant to delayed delivery contracts providing for payment and delivery on the date or dates stated in the prospectus supplement. These purchasers may include, among others, commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions. Delayed delivery contracts will be subject to the condition that the purchase of the securities covered by the delayed delivery contracts will not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which the purchaser is subject. The underwriters and agents will not have any responsibility with respect to the validity or performance of these contracts.

We may engage in at the market offerings into an existing trading market in accordance with Rule 415(a)(4) under the Securities Act. In addition, we may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement so indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be named in the applicable prospectus supplement (or a post-effective amendment). In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus and an applicable prospectus supplement. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

The specific terms of any lock-up provisions in respect of any given offering will be described in the applicable prospectus supplement.

The underwriters, dealers and agents may engage in transactions with us, or perform services for us, in the ordinary course of business for which they receive compensation.

SELLING SECURITYHOLDERS

This prospectus relates to the possible resale by certain of our existing securityholders, including certain of our executive officers and directors, of up to 13,145,534 shares of our Class A common stock, subject to adjustments for stock splits, stock dividends and reclassifications, that (i) were issued and outstanding prior to the original date of filing of the registration statement of which this prospectus is a part or (ii) are issuable upon exchange of an equivalent number of Common Units of i3 Verticals, LLC (together with an equivalent number of our shares of Class B common stock). In connection with our IPO and certain reorganization transactions, we issued to holders of Common Units one share of our Class B common stock for each Common Unit held. Each holder of Common Units has the right to exchange their Common Units for an equivalent number of shares of our Class A common stock, (and the cancellation of such selling securityholder's shares of our Class B common stock on a one-for-one basis with the number of Common Units so exchanged). In addition, at our election, we may effect a direct exchange of such shares of Class A common stock or cash for such Common Unit.

Information about the selling securityholders, where applicable, including their identities and the number of shares of Class A common stock to be registered on their behalf, will be set forth in a prospectus supplement, in a post-effective amendment or in documents incorporated by reference into this prospectus that we file with the SEC. The selling securityholders shall not sell any shares of our Class A common stock pursuant to this prospectus until we have identified such selling securityholders and the shares being offered for resale by such selling securityholders in a subsequent prospectus supplement or in a post-effective amendment. However, the selling securityholders may sell or transfer all or a portion of their shares of our Class A common stock pursuant to any available exemption from the registration requirements of the Securities Act.
